

This Maryland Board of Nursing (MBON) approved course prepares students to safely perform delegated nurse functions with clients of any age and various levels of physical, sensory, motor, and emotional ability. Preparation for certification with the MBON and the National Nurse Aide Assessment Program (GNA) examination included. The clinical class provides instruction in the College CNA lab and allows students to provide direct patient care in a long-term care facility. Students will be under the direction of the Nursing Assistant instructor at all times while at the clinical class.

***The program is limited to 8 students. If the number of approved students exceeds the capacity, seats will be awarded via lottery.*

The classes are tentatively scheduled for two evenings a week, 5:00pm – 9:00pm during the Spring 2024 semester. Clinicals will likely meet every other Saturday AND Sunday, 7:00am – 3:00pm. **Transportation is not provided by Harford County Public Schools for this program.**

Required courses:

- Nursing Assistant Theory
- Nursing Assistant Clinical
