

Extra Curricular Activities Summary

Program Overview

Extra-Curricular activities funding provides support for student activities and interscholastic athletics. Student government organizations, class clubs, subject related clubs, athletic and career oriented groups such as Future Farmers of America, Future Business Leaders of America, Future Homemakers of America, Future Teachers of America, and special events such as musicals, forensic activities, foreign language and math days, academic competitions, dramatic presentations, dances, and assemblies are some of the activities in which students can participate.

The total interscholastic athletic program consists of 36 different varsity and junior varsity sports. The students conduct these activities in the fall, winter, and spring seasons in a manner that provides a balanced selection for participation. The nine high schools that engage in interscholastic events will require funds for athletic directors, coaches, supplies, and materials.

A number of system-wide music activities are conducted each year as a means of stimulating growth in the performance ability of middle and high school music students. Secondary school bands, orchestras, and choruses will participate in festivals during which they will receive evaluation from experts in the field of music education. Advanced music students will have an opportunity to participate in All County music groups.

Staff support of extra-curricular activities is provided through extra duty compensation and contracted services.
