

Revenue

Harford County Public Schools depends primarily upon county and state resources to fund the total budget. We are a revenue dependent school system without taxing power. The table below summarizes actual revenue for fiscal years 2012 through 2014 and budgets for fiscal years 2014 through 2015.

Revenue - All Funds

FY 2015 Revenue - All Funds By Source \$565.7 Million

Revenue

Current Expense Fund

The Current Expense Fund is comprised of the Unrestricted Fund, usually referred to as the general operating budget, and the Restricted Fund as detailed below. The total change in the Current Expense Fund is a decrease of \$1.4 million or -.3%. Unrestricted Fund revenues for fiscal 2015 are projected to decrease by \$.5 million or -.1%. Restricted Fund revenues are projected to decrease by \$.9 million or -3.1% in fiscal 2015. The fiscal year 2015 Current Expense Fund by revenue source is summarized in the chart below.

Harford County Government Support

Harford County Public Schools represents the largest agency Harford County Government supports. When considering the fiscal 2015 General Fund budgeted by Harford County Government, Harford County Public Schools Unrestricted Fund receives 45.8% of the local government's overall support.¹ This does not include funding from the county for Debt Service as appropriated by Harford County which represents 6.3% of the local government's overall support.² The County Government funding for HCPS is reflected in the chart below.

Distribution of Harford County Government FY 2015 General Fund Budget \$488.5 million

The county funding for Harford County Public Schools comes from a variety of revenue streams in place by Harford County Government. The main county sources of revenues supporting the education budget are property taxes and income taxes. Support for the education budget by the county is determined on a year to year basis. The county makes no projections for future budgets for the education system

² Data contained in Harford County Government Approved FY 2014 Capital Budget, page 90.

Revenue

Maintenance of Effort

According to Maryland's Maintenance of Effort law, in order to receive any increase in basic state school aid, each county must appropriate an amount equal to or greater than its prior year per pupil appropriation. The Maintenance of Effort law states that if there is no enrollment growth, local funding can remain the same as that of the previous year in terms of total dollars. If there is enrollment growth, local funding is to remain the same on a per pupil basis. The Maintenance of Effort calculation does not provide for other significant needs. For example, a student with special needs could cost more than twice as much as a regular education student. The calculation does not address inflation, the cost of negotiated agreements and benefits, Pre-Kindergarten students, Non Public Placement students and funding for quality improvement initiatives. Harford County Government funded the school system above the Maintenance of Effort level in FY 2014. The Maintenance of Effort calculation for fiscal 2015 requires no additional funding due to an enrollment decrease of 30 students as of September 30, 2013.

Harford County Government - Current Expense Fund

	Actual FY2012	Actual FY2013	Actual FY2014	Budget FY 2014	Budget FY 2015	Change FY14 - FY15

% Current Expense Fund	46.9%	47.7%	48.6%	48.3%	49.0%		

The County Executive and County Council are requested to fund the Unrestricted and Capital Funds for Harford County Public Schools. For fiscal year 2015, Harford County Government will be providing 49.0% or \$223.7 million of the total Current Expense Fund Budget, after considering revenues from state, federal, and all other sources. These figures do not include Capital Projects or Debt Service funding. The \$2.4 million increase in funding from the Harford County Government for fiscal year 2015 includes the \$.5 million increase in the State of Maryland mandated shift in teacher pension cost from the State of Maryland to local education authorities (LEA).

The State of Maryland allocates state funding based on student enrollment and an assessment of a county's wealth in relationship to the other counties. The State of Maryland utilizes six variables to measure each county's wealth. The State of Maryland infers wealthier counties will contribute additional funding to the LEA and allows the State of Maryland to redirect state resources to less wealthier counties. The wealth factor is the dynamic force in determining the funding from the state as detailed in the following section.

Revenue

State Revenue

Unrestricted state aid is projected to decrease by \$123,087 or -.1% for fiscal year 2015. The formulas used by the State of Maryland to allocate unrestricted funding will be discussed in detail on the following pages. Restricted state aid is projected to decrease slightly by \$224,031 or -2.1% in fiscal year 2015. Total state aid in the Current Expense Fund is projected to decrease by \$.3 million or -.2% in fiscal year 2015. The State of Maryland will fund \$204.7 million or 44.8% of the proposed Current Expense Fund Budget.

For fiscal 2014, the BRFA grant in the amount of \$935,788 was budgeted but its funding was at the discretion of the governor. MSDE informed HCPS in the May 2014, the governor would not fund this initiative.

For fiscal 2015, HCPS ranks eighth in the state for total state support with a range of \$8.5 million to \$976.5 million³. State aid is the second largest funding support for the Current Expense Fund. In fiscal 2013, HCPS ranked fourteenth out of twenty four LEAs in State Foundation funding per pupil⁴. State aid for future years is unknown.

³ MSDE Major State Aid Programs, dated June 27, 2014, page 1.

⁴ MSDE 2012- 2013 Fact Book, pages 25.

Revenue

How is Unrestricted State Aid Calculated?

The State of Maryland utilizes two major variables in calculating the funding allocations to school systems. The two primary variables are student enrollment and the county's wealth factor as compared to the other 23 Maryland counties. A change in a county's wealth factor can have a large impact on the State of Maryland's funding allocations. To fully understand how state aid is allocated to the Local Education Authorities' (LEA) one needs to examine the eight major factors used to calculate and distribute Maryland State aid:

1. **County Wealth** - funding distributed by formulas inversely proportional to local district wealth (personal property, income & real property for railroads, utilities, businesses and individuals).
2. **Enrollment** – funding adjusted based on per pupil formula for changes in enrollment.
3. **Geographic Cost of Education Index** - is a discretionary formula that accounts for differences in the costs of educational resources among the local school systems.
 - 13 of 24 LEAs will share \$132.6 million of GCEI funding for FY 2015.
 - Harford County does not receive GCEI funding.
4. **Guaranteed Tax Base** - provides additional funding to LEAs with less than 80% of statewide wealth per pupil and a contribution of more than the minimum required local share under the foundation program in the prior fiscal year.
 - 9 of 24 LEAs qualify for \$59.4 million in funding for FY 2015.
 - Harford County does not receive GTB funding.
5. **Supplemental Grants** – enacted in a 2007 special legislative session to mitigate the impact of an inflation freeze in the per pupil foundation in fiscal 2009 & 2010.
 - 9 of 24 LEAs receive a share of the \$46.6 million fixed grant.
 - Harford County does not receive a share.
6. **Net Taxable Income** – State education aid formulas that include a local wealth component are to be calculated in September and November. Some school systems will receive the greater State aid amount that results from the 2 calculations. This aid will be phased in over a 5 year period beginning in FY 2014.
 - 18 of 24 LEAs will benefit from the NTI adjustment in FY 2015 including Harford County.
7. **Special Grants** – The 2013 BRFA authorized special grants to counties where certain direct education aid decreased by at least 1% and restores 25% of the decrease in aid for affected counties in FY 2014. Although authorized by the state legislature, this grant was not funded by the Governor.
8. **SB 534 / HB814** – Provides a grant in fiscal 2015 through 2017 to LEAs if (1) FTE enrollment is less than 5,000, (2) FTE enrollment in the current fiscal year is less than the prior fiscal year, and (3) "total direct educational aid" in the current fiscal year is less than the prior fiscal year by more than 1%. The grant must equal 50% of the decrease in total direct educational aid.

Revenue

Impact of Wealth Factor on State Funding In Fiscal Year 2014 & 2015

Each year Maryland State education aid is distributed to LEAs based on a complex formula involving the seven primary factors listed on the prior page. The primary reason for the decline in state aid for Harford County since fiscal year 2013 is the change in the wealth factor used to calculate a county's share of aid. The following charts document the impact the wealth factor has on the allocation of state aid to the 23 counties and Baltimore City.

% Change in Total Wealth for Calculating FY 2014 State Aid*

*Source: MSDE Final State Aid Calculation, Fiscal Year 2014 Revenue, June 28, 2013

As documented in the chart above, only one of the twenty-four LEAs, Howard County, experienced an increase in total county wealth. The other twenty three LEAs experienced a decline in total wealth. However, Harford County experienced the smallest percentage decline at .01%. Somerset County experienced the largest percentage decline at 9.84%.

Although Harford County's wealth factor remained relatively constant, the drop in the wealth factor of the other LEAs resulted in a sharp reallocation of state funding for fiscal year 2014. In fact, Harford County experienced the largest dollar decline, \$3.8 million, in state aid of the twenty four Maryland LEAs. As the following chart illustrates, the decline is directly attributable to the change in the wealth factor used to allocate state aid to local jurisdictions. Enrollment changes account for a \$.6 million loss of revenue for fiscal year 2014.

Change in State Aid to Harford County from FY 2013 – FY 2014

State Aid	Wealth/ Funding Level	Enrollment	Supplemental Funding	Change FY13 - FY14
Foundation Program	(2,416,257)	(1,260,603)		(3,676,860)

Revenue

% Change in Total Wealth for Calculating FY 2015 State Aid*

*Source: MSDE Preliminary State Aid Calculation, Fiscal Year 2015 Revenue, January 17, 2014

The chart above reflects the change in the wealth factor used to calculate and allocate state aid for fiscal year 2015 to each of the twenty four LEAs in Maryland. Of the twenty four LEAs, Harford County experienced the fourth largest increase in wealth.

For fiscal year 2015, Unrestricted funding from the State of Maryland will decrease by \$123,087. The following chart details the amount of the change that can be attributed to the wealth factor calculation and the change attributed to enrollment changes.

Change in State Aid to Harford County from FY 2014 – FY 2015

State Aid	Wealth/ Funding Level	Enrollment	Supplemental Funding	Change FY14 - FY15
Foundation Program	(\$1,249,837)	(\$110,903)		(\$1,360,740)
Compensatory Education	(465,997)	2,041,684		\$1,575,687
Public Transportation Aid	(307,397)	450,424		\$143,027
Special Education Aid	(247,368)	(180,707)		(\$428,075)
Limited English Proficiency	(39,690)	(157,761)		(\$197,451)
Net Taxable Income Adj.			1,080,253	\$1,080,253
BRFA 5-202(i) Grant			(935,788)	(\$935,788)
Total Change	\$ (2,310,289)	\$ 2,042,737	\$ 144,465	\$ (123,087)

The reallocation of state funding for fiscal year 2015, based on the change in each county's wealth, will result in a total decrease of \$2.3 million in state aid for Harford County. State funding will increase by a total of \$2.0 million due to changes in the HCPS enrollment figures used to compute state aid. Due to a slight drop in HCPS overall enrollment, a decrease of 30 students for the 2013 - 2014 school year, Foundation Aid for fiscal year 2015 will decrease by \$110,903. However, State Compensatory Education Aid will increase by over \$2.0 million next year due to a sharp increase in the number of students eligible for Free and Reduced Meals (FARMS). An additional 675 students qualified for FARMS aid during the 2013 - 2014 school year.

Revenue

Maryland State Aid Per Eligible Student

The following chart illustrates the change in state aid experienced by Harford County Public Schools, on a per student basis, over the past eight years. Viewing aid on a per student basis provides a better picture of state funding fluctuations by removing enrollment from the equation. The bottom line of the chart represents the drop in per student state aid for fiscal year 2015.

State Aid - Per Eligible Student

Revenue

Budget Development History

The difficult economic times of the past several years have had a significant impact on state and local funding for school systems across the nation. Harford County Public Schools has worked tirelessly to develop a fiscally responsible budget. As experienced in recent years, HCPS continues to face ongoing budget challenges as revenue has failed to keep pace with system demands, legal mandates and cost drivers such as pension and health care for employees and retirees. In addition, HCPS has an ongoing structural deficit created by spending one-time year-end funds (fund balance) for ongoing expenditures.

The following chart details the relatedly stagnate nature of revenue streams from fiscal year 2009 – fiscal year 2015. During this period funding from Harford County increased by \$12.8 million while Maryland State funding declined by \$10.0 million. It is important to keep in mind \$9.0 million of the \$12.8 million increase in local funding was dedicated to employee pension costs transferred from the State of Maryland. During this time period, HCPS used an additional \$4.4 million of fund balance to fund ongoing operating expenditures

Revenue

Federal Revenue

Federal aid to the Unrestricted Budget is limited to Impact Aid which is projected to remain stable in fiscal year 2015. Federal Impact Aid provides assistance to local school districts with concentrations of children residing on Indian lands, military bases, low-rent housing properties, or other federal properties and, to a lesser extent, concentrations of children who have parents in the uniformed services or employed on eligible federal properties who do not live on federal property. Federal restricted aid will decrease by \$.4 million or -2.3% in fiscal 2015. In total federal aid for the Current Expense Fund decreased .4 million or -2.3% in fiscal 2015.

Revenue

Other Revenue

In the Unrestricted Fund Budget, other revenues include fees, tuition, building use fees, gate receipts, E-rate funds, interest income and other sources. In the Restricted Budget, other sources include small local grants and donations. In the total Current Expense Fund Budget, other revenue sources account for slightly less than one percent of the overall budget resources. In fiscal 2014, Interscholastic Athletics and Student Participation Fees were adopted by the Board to help offset the cost of the programs and balance the fiscal year budget. In June 2014, the Board voted to eliminate the student activity fees for the 2014 – 2015 school year. The details of other revenues, excluding appropriated fund balance, are reflected in the table below.

Revenue

Unrestricted Fund Balance

Due to the fiscal constraints facing the school system, as well as the rest of the state and nation, undesignated fund balance revenue of \$5.5 million is being used to cover one-time and ongoing expenditures in the fiscal 2015 budget. Actual fund balance activity for fiscal 2012 to 2014 and budgeted fund balance for fiscal year 2015 are reflected in the following table.

Harford County Public Schools Unrestricted Fund Balance

FUND SOURCES:	Actual FY2012	Actual FY2013	Actual FY2014	Budget FY 2015
Beginning Balance	\$ 16,789,638	\$ 16,079,127	\$ 13,114,643	\$ 10,455,899

Percentage of FY 2015 Unrestricted Operating Budget 0.8%

With the combined recognition of one time revenues and the implementation of various cost savings measures, HCPS ended fiscal 2014 with the strategic accumulation of \$10.5 million in fund balance at June 30, 2014. Of the \$10.5 million in fund balance, the following amounts have been assigned: \$1.2 million for the Health Insurance Call and \$4 million as an Emergency Fuel Reserve. In addition, faced with an operating structural deficit entering fiscal 2015 coupled with declining revenue, HCPS appropriated \$5.5 million of fund balance to support the fiscal year 2015 Operating Budget. It is the intention of Harford County Public Schools to use the accumulated fund balance to provide short-term relief during these difficult economic times.

The proposed use of fund balance to support the Unrestricted Operating Budget for fiscal year 2015 is \$5.5 million, a slight reduction from the fiscal year 2014 budget.

Revenue

Indirect Cost Recovery

Indirect cost recovery provides the means of allocating administrative expenditures to restricted programs based on a predetermined formula. The application of these principles is based upon the fundamental premise that school systems are responsible for the efficient and effective administration of grants and for ensuring that program funds are expended and accounted for as required. Indirect cost recovery effectively acts as a transfer of eligible business and centralized service support expenditures to the restricted grant program. The eligible services include accounting, audit, budgeting, finance, payroll, personnel and purchasing. This recovery charge is posted to existing grant awards. MSDE establishes the indirect cost recovery rate for all state restricted grants and federal restricted grants that pass through the state government. The adjusted rate established, used by Harford County Public Schools to recover these administrative overhead costs, will be 2.76 percent of the total grant funds expended. Indirect cost recovery rates on other grants are negotiated with the grantor. Not every grant features indirect cost recovery eligibility. Such eligibility is dependent upon approval in the grant award. The accumulated indirect cost recovery supports the following positions:

- 1.0 FTE Grant Accountant
- 1.0 FTE Human Resource Specialist
- 1.0 FTE Payroll Clerk

The total indirect cost recovery projected for fiscal 2015 is \$515,000.

Other Funds

The Food Service Fund in the amount of \$15.8 million for fiscal 2015 is a self-supporting special revenue fund. Additional detail is provided in the Food Service section, located in Tab 23, of this budget document.

Debt Service funds in the amount of \$30.6 million for fiscal 2015 are managed by the Harford County Government. Additional detail is provided in the Debt Section, located in Tab 24, of this budget document.

The Capital Projects Fund in the amount of \$33.6 million for fiscal 2015 includes primarily state and local government funding. Additional detail is provided in the Debt Section, located in Tab 25, of this budget document.

The Pension Fund in the amount \$29.3 million for fiscal 2015 which represents the State of Maryland's contribution to the teacher pension system. Additional detail is provided in the Pension section, located in Tab 26, of this budget document
