

Athletes in Action

Eclipse Gazing – Patterson Mill High and Fallston High

While counties around us were delaying and cancelling games due to the eclipse, the Patterson Mill High School and Fallston High School softball teams were embracing it. Coach Michael, the assistant coach at Patterson Mill, bought eclipse glasses for all participants at the softball game – players, coaches, and officials. On this day, pre-game consisted of throwing, infield practice, and eclipse gazing. Education-based athletics at its finest!

*So glad we had the opportunity to experience the solar eclipse together as a team!
– Brian Frist, Fallston Head Coach*
