INFORMATIONAL REPORT  
FY 2023 CAPITAL IMPROVEMENT PROGRAM**

**July 12, 2021  
August 16, 2021  
September 13, 2021  
September 27, 2021  
October 25, 2021**

Background Information:

The Rules, Regulations, and Procedures for the Administration of the Public School Construction Program require each Local Education Agency to submit annually its school system's Capital Improvement Program (CIP) to the state and local governments.

On September 27, 2021, the Harford County Board of Education approved the FY 2023 CIP request, and the projects eligible for State funding under the Built to Learn Act and Healthy Schools Grant. The total FY 2023 State eligible CIP request is \$65,636,167. The total State portion is \$29,719,235 and the total local portion is \$35,916,932. That request was submitted to the State funding authority for public school construction projects, known as the Interagency Commission (IAC) on October 4, 2021.

Discussion:

This is the fifth presentation of the FY 2023 CIP. This presentation will review the local only funding needs as identified by Harford County Public Schools (HCPS) stakeholders. These needs include, but are not limited to, technology refresh, the necessary renovations, and upgrades for our facilities to meet the growing special education needs and to comply with special education laws and mandates, the purchase of replacement buses; and projects to meet the most critical compliance, security, facilities, and educational requirements of HCPS.

Between now and December, we will continue to work with the Board of Education and stakeholders to prioritize the FY 2023 local only CIP needs and align the request with our operating budget. In December, we will ask the Board of Education to approve the FY 2023 CIP for submission to the local government.

Superintendent's Recommendation:

The Superintendent of Schools recommends that the Board of Education accept this informational report and presentation of the FY 2023 Capital Improvement Program.

# Major County Funding Sources for HCPS CIP

## General Fund

Obligation Bonds– are also known as full faith and credit bonds, and their quality and payment is based on the general credit and taxing power of the County.

- New, replacement, and renovation projects
- Major HVAC
- 15+ year life expectancy

Pay-As-You-Go (Paygo) - the practice of financing expenditures with funds that are currently available rather than borrowed.

- General repair and replacement
- Fleet management and bus replacement
- Technology infrastructure
- Facility maintenance

# Local Only Funding Needs

BOE Approval  
December

County Submission  
January 2021

# Prioritizing CIP Needs – Decision Matrix

2: Grouped by Level of Need

3: Prioritized within the grouping by the final calculated score

# *Questions and Discussion*

**PROJECT:** HOMESTEAD WAKEFIELD ELEMENTARY MAJOR PROJECT

**TYPE OF PROJECT**

**COUNCIL DISTRICT:** LOCATION: Bel Air, MD

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:**

Homestead Wakefield Elementary School in Bel Air, MD consists of three (3) separate structures. The entire campus consists of approximately 115,458 square feet. The Wakefield school building was constructed in 1958 and consists of approximately 58,245 square feet. In 1966, the Homestead building was constructed, which consists of approximately 52,628 square feet. A remote kindergarten building was constructed near the Wakefield building in 1968 and consists of approximately 4,585 square feet.

The three building school is aged, antiquated, inefficient and poses many safety concerns. Additionally, forty (40') feet of elevation separates Wakefield from Homestead adding to the complexity of operating a three building campus. The site also has stormwater issues, traffic congestion without a separate bus drop off loop, aged playground equipment, and 50-yr underground storage tanks. The building equipment is at end of life; there are building leaks, lighting issues, major HVAC concerns, and lack ADA compliance. The program space for educational purposes are inadequate.

A revised scope study recommending completely replacing the Homestead/Wakefield Elementary School on the site of the Wakefield building was approved by the BOE in February 2021. The scope study also analyzed the facility capacity in coordination with the balancing enrollment study. It was determined that a capacity of 1,100 students was needed to address capacity concerns in the area. Education Specifications have been developed and approved by the local BOE and MSDE. The project is currently in design and construction to begin in 2021. This request is for the first year of construction funding required to complete the project. This project will be put forward as the number 1 priority for the State Built to Learn Act funding for the State portion of the project.

**Priority Band/Priority** 1-3 **Major Construction**

**PROJECT MANAGER:** Harry Miller

**PROJECT:** ROOF REPLACEMENT - Bakerfield Elementary School

**COUNCIL DISTRICT:** **LOCATION:** Aberdeen, Maryland

**PROJECT NUMBER** NEW

**Project Description / Justification:** The periodic replacement of roof systems is necessary to prevent damage to the interior of the building and to prevent indoor air quality issues. Additionally, aging schools require window, door, masonry or siding renewal outside the modernization. Improvements provide enhanced security, energy conservation and weatherproofing. Projects are submitted for funding consideration through the State Capital Improvement Plan request.

Bakerfield Elementary School's roof is a mix of flat built-up roofing (BUR) installed in 1983 and 1994, sloped BUR installed in 1999 and standing seam metal installed in 1999. The BUR portion needs replacement as leaks and maintenance concerns have increasing become an issue. Most of the drains have been re-flashed at least once. Some of them have required a second reworking. Because there is no taper built into most of the roof, water ponds on it degrading the original felts as well as the repairs. The weakening or "rot" of the roof typically begins at the drains, as those areas tend to take the longest time to dry out. Over time, it will progress to the rest of the roof. While the metal roof is in fair condition, it should be painted or coated to stop the progression of rust that has started.

Funds are requested to replace the built-up roofing portion with a 20 year NDL warranty system utilizing tapered insulation to achieve a 1/4" per foot of slope and paint/coat the metal portion to extend the life and prevent premature failures.

**Priority Band** 1 Major Construction

**PROJECT:** HARFORD TECHNICAL HIGH SCHOOL LIMITED RENOVATION PROJECT

**COUNCIL DISTRICT:** LOCATION: Bel Air, MD

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** Harford Technical High School (HTHS) has been identified as the highest priority for systemic renovation for the past three (3) years. However, due to State and local funding constraints, it has been deferred. HTHS has multiple systemic needs including: mechanical (HVAC), building envelope (windows, doors, etc.), plumbing, electrical, and fire safety.

Additionally, HCPS' instructional stakeholders have identified multiple educational program needs. The top program priorities for are: update culinary arts program space to meet state requirements, update and modernize the cosmetology program spaces, upgrade the gas, electrical, and ventilation for the welding and machine shop programs, provide technology upgrades for the CADD program, and modify a space for the Academy of Health Professions (AHP) program to be used for physical therapy training.

This project will address both the systemic and program needs in a multi-year phased project.

**PROJECT MANAGER:** TBD

**PROJECT:** Replace primary consumption plumbing fixtures with lead test results above 5ppb  
**COUNCIL DISTRICT:** LOCATION Multiple

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification** This project will replace primary consumption plumbing fixtures at locations with prior elevated lead testing results in consumptive fixtures which had levels above 5ppb which will be replaced in an effort to remediate the problem. Once the fixture is replaced, retesting will occur to determine if further remediation is required. Water fountains which are between 5ppb and 20ppb will be replaced with filtered water bottle filling stations.

**Priority Band** 1 Major Construction

**Project Schedule:** Replacement to start as soon as funding is available.

**Project Status:** N/A

**PROJECT:** TECHNOLOGY INFRASTRUCTURE

**COUNCIL DISTRICT:** **LOCATION:** Various

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** This project addresses critical annual investments required for a rapidly growing, technology rich environment. These investments are essential to maintain a high level of operational efficiency, avoid obsolescence, and preserve compatibility to industry standards for technology infrastructure components. This over-arching project includes refresh programs for network infrastructure, information security, data storage, communications equipment; servers, and auditorium/gymnasium audio/video/theatrical lighting systems. Additionally, the project is a strategic information technology collaboration involving all the government agencies to address current and future technology initiatives of Harford County. The FY 2023

**#1 - Replace Aging Technology:** The FY23 request includes wireless access point replacement (5 year cycle), network switch replacement (5 year cycle), server replacement (5 year cycle), battery backup (UPS) replacement, and interactive whiteboard replacement (5 year cycle), \$5,229,000

**#2 - Replace Communication Systems:** Partner with Harford County Government to upgrade the antiquated end of serviceable life analog HCPS Phone and PA Systems with VoIP models. The FY 23 request will update 12 schools - \$650,000 per year

**Priority Band** 2 Academic Mission Critical

**PROJECT:** LIFE, HEALTH, SAFETY, AND COMPLIANCE MEASURES

**COUNCIL DISTRICT:** **LOCATION:** Various

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** Funds from this project are used to provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning, creativity and innovation. Projects include school improvements to mitigate safety and security hazards and ensure facilities are compliant to necessary safety, security and environmental mandates, laws, and regulations. Project funds also include equipment and vehicles required for providing or implementing safety and security measures. The following projects are included in the FY 2023 CIP budget:

Compliance with Maryland Lead Water Testing Standards

- In May of 2021, the state passed a new regulation lowering the limit from 20 ppb to 5 ppb. This project will replace all plumbing fixtures with lead testing results above 5ppb. The fixture will be replaced in an effort to remediate the problem. Once the fixture is replaced, retesting will occur to determine if further remediation is required. - \$2,711,000

Emergency Systems and Communication

- Fallston MS Generator Replacement - \$60,000  
 - Church Creek ES Fire Alarm Upgrade - \$690,000

Environmental Compliance

- Churchville ES Underground Storage tank removal - \$200,000

Security Measures

- All HCPS school buildings over the next two years starting with elementary schools - Install a smart video access doorbell system \$450,000 per year

Domestic Water & Backflow Prevention

- William Paca / Old Post Road Elementary School Install Backflow Prevention - \$60,000

**PROJECT:** Fleet Replacement  
**COUNCIL DISTRICT:** LOCATION: \_\_\_\_\_ Various \_\_\_\_\_

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** Provide funds for replacement of special education buses and essential vehicles and equipment at the end of life. Provide funds to purchase new vehicles and equipment as required. Special education buses are required to meet the needs of growing numbers of students, programs and schools. These buses must comply with Federal regulations and meet IEP requirements for special education transportation. The MD State Department of Education requires that school systems replace buses after 12 years of use. The FY23 request reflects the cost of replacing all buses that passed the 12 year replacement cycle and allows time to be sure the funds are available prior to bidding and building the buses. **For FY 2023, there are 6 Special Needs buses that have reached the FIFTEEN year mark and MUST be replaced by law.** (2% annual increase built into projections.)

The replacement of essential vehicles and equipment enable HCPS to perform mission critical jobs including facility maintenance, safety and security, and food services. Units are to be replaced on an average of 10 years with high mileage and vehicles become unreliable. Due to a lack of funding for the last EIGHT fiscal years, the fleet is becoming increasingly difficult to maintain. HCPS has had to rent vehicles for snow removal and salt in order to open schools after inclement weather. The continued ability to maintain our buildings, lots and grounds is dependent upon receiving funding to replace or repair vehicles and equipment in this category. FY 2023 request includes:

**Replacement Special Needs Buses (29 buses over 12 years old - \$3,451,000)**

- 6 due in FY2020 (\$714,000)
- 11 due in FY2021 (\$1,309,000)
- 5 due in FY2022 (\$595,000)
- 7 due in FY2023 (\$833,000)

**Vehicles and Equipment**

- Based on the County's Fleet Management Study recommendation, the budget below reflects a consistent approach to replace the HCPS aging non-bus fleet. (\$1,500,000)
- Business Services Equipment - Equipment at the business services distribution center is in need of replacement. (\$134,000)

**PROJECT:** HCPS Site Improvements  
**COUNCIL DISTRICT:** LOCATION Various

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** This project is used to maintain and complete improvements to HCPS sites including stormwater management facilities, septic facilities, paving overlay and new paving. These projects keep HCPS sites compliant with local, state and federal laws and regulations. FY 2022 request includes:

**Stormwater Management, Erosion Sediment Control**

**Septic Facility Code Upgrades**

- Funds will be used to maintain, upgrade and inspect the septic systems at the following schools: North Harford, Norrisville, Jarrettsville, North Bend, Dublin, Churchville, Darlington, and Forest Hill Elementary Schools. Additionally funds will be used to maintain four (4) waste water treatment plants at the following schools: Youth's Benefit Elementary School, Prospect Mill Elementary School/Harford Technical High School/John Archer School, Fallston Middle and High Schools, and North Harford Middle and High Schools. - \$75,000

**Paving Overlay and Maintenance**

- Provide bituminous concrete overlay and re-striping on existing driveway, parking lot, and concrete paved areas at Meadowvale Elementary School. Associated work includes repair to curbs, sidewalks, ADA upgrades, storm drains, inlets, and other maintenance as required. (440,000)

**Paving New Parking Areas**

- Additional parking lot and associated stormwater management for parent and bus drop off area at Dublin Elementary School. - \$416,000

**Fencing**

- Repair, replacement, and new fencing for site safety and security. - \$100,000

**PROJECT:** EDUCATIONAL FACILITY PROGRAM

**COUNCIL DISTRICT:** **LOCATION:** Various

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** The project funds will be used to make the improvements needed to provide the physical environment and equipment to meet educational program requirements. This includes modifying existing spaces for special education programs, CTE programs, and general educational programs. The funds are used for facility improvements, additional program buses, program specific technology, and new and replacement educational equipment and furnishings. The FY 2023 request includes:

- Special Education Facility Improvements** - Facility Improvements and additional transportation for adding the following regional program sites.
- Middle School Autism program (STRIVE) at Southampton Middle School - Facility improvements \$285,000 and 1 bus - \$119,000
  - Elementary Classroom Support Program (CSP) Aberdeen Area Elementary School - Facility improvements \$405,000 and 1 bus - \$119,000
  - Early Learners/Learning together Meadowvale Elementary School - Facility improvements \$5,000 and 1 bus - \$119,000

**Textbook/Supplemental Refresh** - Textbooks, materials of instruction, and supplemental materials to provide the most current content, and to implement new instructional and assessment programs to all 54 elementary, middle and high schools. - \$1,000,000

**Music Equipment Refresh** - Replacement of worn and defective musical instruments throughout the school system. \$75,000

**Band Uniform Refresh** - Replace band uniforms and Choir Robes at C. Milton Wright High School. \$225,000

**Equipment and Furniture Replacement** - Replace furniture and equipment that has reached the end of life at all schools based on needs. \$100,000

**Career and Technology Education Equipment Refresh**

- Professional Foods Lab - C-Milton School \$716,000
- Professional Foods Lab - Fallston High School \$716,000
- Child Care lab - C-Milton School \$633,000

**PROJECT:** Athletic and Recreation Repairs and Improvements

**COUNCIL DISTRICT:** **LOCATION:** Various

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification:** This project is for the maintenance, repair, renovation, and replacement of athletic and recreational facilities on HCPS school properties and the specialized equipment required to maintain these facilities. Athletic and recreational facilities include, natural and synthetic turf fields, outdoor tracks, stadium infrastructure, playground equipment, and pool infrastructure. In partnership with Harford County Parks and Recreation, these athletic and recreational facilities are available to community members after school hours in efforts to further recreational opportunities throughout the county. If not properly maintained, these facilities will be closed and no longer available to students or the community. The project priorities for this year are listed below. The FY 2023 request includes:

**Outdoor Track Reconditioning**

- C. Milton Wright HS track needs to be stripped of existing rubber, milled, paved and new surface installed and lined. \$253,000
- Havre De Grace HS track requires repair work, cleaning, patching worn areas and relining the track. \$26,000

**Athletic Field Repairs & Restoration**

- Maintain athletic fields, maintenance and repair for stadiums, and repair and replacement of fencing which ensures safety of students - \$100,000

**Swimming Pool Renovations**

- Construction funding to replace dehumidification units at Edgewood Middle School Pool Facility - \$1,000,000

**Playground Equipment**

- Replacement of playground equipment at elementary schools - \$500,000

**Priority Band** 5 Cost of Doing Business

PROJECT: RELOCATABLE CLASSROOMS  
 COUNCIL DISTRICT: LOCATION: \_\_\_\_\_ Various \_\_\_\_\_

TYPE OF PROJECT \_\_\_\_\_  
 PROJECT NUMBER \_\_\_\_\_

**Project Description / Justification:**

The funds for this account are used to provide capacity and program space for schools that show a significant need due to variations caused by enrollment as well as other special educational programs introduced to the school. Harford County Public Schools will conduct audits annually to review enrollments, school capacities and individual school needs as outlined by Board of Education Policy. We will also use these funds to move or add relocatable classrooms to support construction at a specific school by offering classroom space as needed while construction has disturbed permanent classroom space.

PROJECT MANAGER: Chris Morton

**PROJECT:** Harford Glen Pier Project  
**COUNCIL DISTRICT:** **LOCATION:** Bel Air, Maryland

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification** The wood pier (Harkins Pier), built in 1959, is a timber structure located near the mansion house on the main campus of Harford Glen and is over a reservoir created by Atkisson Dam. Increasing concerns over the piers condition led HCPS to have the structure evaluated by an independent consultant. The evaluation found portions of the pier in poor condition. This project would remove the entire existing pier structure and replace only the most critical portion which spans the reservoir.

**Priority Band** 1 **Major Construction**  
**Project Schedule:** Design summer/fall 2022. Bid spring of 2023. Construction to begin summer 2023 and be completed in the fall.

**PROJECT:** Harford Glen Truss Bridge Removal  
**COUNCIL DISTRICT:** LOCATION: Bel Air, Maryland

**PROJECT NUMBER** \_\_\_\_\_

**Project Description / Justification** The Harford Glen truss bridge (Bridge No. H 0054002) is a single span, 78' 0" +/- wrought iron pony truss originally constructed to carry Ring Factory Road over Winters Run. The bridge was permanently closed to vehicular traffic in 1977. The Board of Education intended to use the bridge at Harford Glen for pedestrian access to the trails across Winters Run. An informal agreement was made between Harford County Department of Public Works (DPW) and the Board of Education (BOE) that the bridge ownership and maintenance should be transferred to the BOE. However, the official process of transferring the bridge ownership was not completed. In November 1993, DPW inspected the bridge and recommended immediate closure to BOE of all Pedestrian traffic due to abutment deterioration. It remains closed today.

Since DPW still owns the structure and there was pedestrian usage by BOE with the intent to transfer it to the BOE, DPW has made a proposal to undertake the bridge removal project and ask the BOE to share the costs of the project at 50%. This request would cover the BOE 50% of the cost to remove the bridge.

**Priority Band** 1 **Major Construction**  
**Project Schedule:** To be determine by Harford County Department of Public Works.
