

Voices of Equity: Elevating Student Voice

Paula Stanton, Ph.D., Supervisor of Equity and Cultural Proficiency

HCPS Board of Education Presentation

January 23, 2023

Student-created Mission Statement

- Voices of Equity, also known as VoE, is a countywide movement of student leaders committed to educating others within our respective communities. Voices of Equity provides a safe space for everyone to speak their truths to promote equitable outcomes and futures.

Sense of Belonging

-  *A sense of belonging is defined as feeling accepted and liked by the rest of the group, feeling connected to others and feeling like a member of the community. A sense of belonging means that you can bring your true self to school.*

Be the Bridge
to Belonging
