INFORMATIONAL REPORT

HCPS Celebrates Women's History Month

March 13, 2023

Background:

In March, we are celebrating Women's History Month. According to the National Women's History Museum, it originally began in Santa Rosa California as Women's History Week in 1978. In 1987, Congress passed Public Law 100-9, designating March as "Women's History Month." In our schools and offices, we will highlight, honor, and celebrate the past, present, and future contributions of all women to American life.

Discussion:

This presentation will highlight some of the ways that our students and staff are learning about and celebrating the contributions of women during Women's History Month.

Superintendent's Recommendation:

The Superintendent of Schools recommends the Board of Education accept this informational report that highlights some of the district-wide celebrations of Women's History Month.
