BOARD OF EDUCATION OF HARFORD COUNTY

INFORMATIONAL REPORT

PRESENTATION OF Quarterly Financial Report for the Period Ending June 30, 2025 Preliminary and Unaudited

September 22, 2025

Background Information

Each quarter, a series of high-level financial reports are prepared and distributed to the Board of Education and the Board's Audit Committee. These reports are for the last quarter of the fiscal year and represent all of the activity for the fiscal year. The reports are presented on the budgetary basis of accounting.

Discussion

Included in this report are detailed analyses of revenues and expenditures. All information presented herein is preliminary and unaudited; however, no material changes are expected. Highlights of this financial information are as follows:

- Revenues Total revenue received for FY2025 is 100.3% of budgeted revenue, compared to 103.7% in the previous year.
- Expenditures Expenditures for the fiscal year were approximately 99.0% of the appropriation, compared to 98.7% in the previous year.
- Fund Balance Projected unassigned fund balance is \$22.5 million
- Assignments for fund balance include the following:
 - o FY26 Budget \$12.5 million
 - o Fuel \$1.0 million
 - o Lease payments for student and teacher devices \$4.0 million
 - o Health insurance call \$5.0 million

Superintendent's Recommendation

The Superintendent of Schools recommends that the Board of Education accept the Quarterly Financial Report for the Period Ending June 30, 2025.

INTRODUCTION

Attached is the financial report for the Unrestricted Fund (Executive Summary, Schedules A, B, and C) for the fiscal year ending June 30, 2025. The report presents the Statement of Revenues, Expenditures and Changes in Fund Balance for the fiscal year and is not audited. The Executive Summary adds a column, "% to Total Actual," in order to show the relative value of each revenue or expenditure line to the total actual year-to-date revenues or expenditures.

Statements of expenditures by budget manager and school are also presented. In addition, the Statement of Revenues, Expenditures, and Changes in Fund Balance for Food Services are included. A final report of capital projects is not available at this time due to the conversion to Oracle.

These statements are prepared on the non-GAAP budgetary basis consistent with Exhibit 7 in the year-end audit report. Budgetary basis statements include open purchase orders charged against the appropriation amounts for that year as legal obligations and exclude other expenditures made on behalf of the Board, including the contribution by the State of Maryland to the State Teacher's Pension Fund. Under generally accepted accounting principles (GAAP), encumbrances are excluded and on-behalf payments are included; therefore, these statements are non-GAAP. In addition, Rate Stabilization Fund activity is not included in budgetary basis statements.

The column "% Year-to-Date to Budget" may be used as a barometer in your review of these statements.

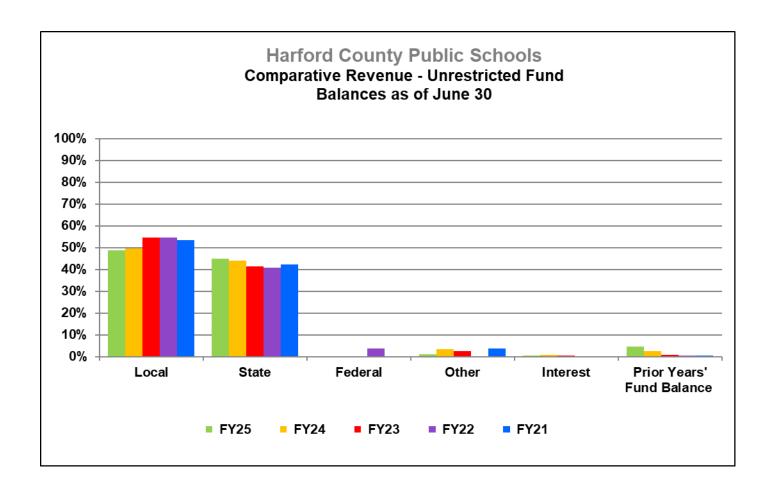

ANALYSIS

Unrestricted Fund

Revenues

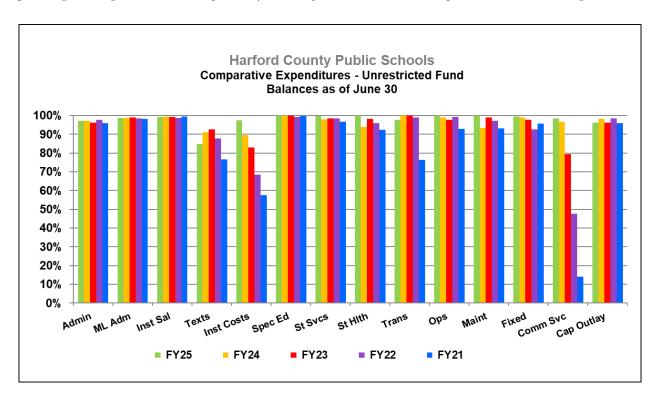

Overall, total revenue received at year-end is 100.3% of the amount budgeted for the year, or \$1.8 million above budget, after the additional revenue appropriated in May. The majority of the surplus is related to a state special education reimbursement of the holdback from the prior year. A detailed schedule of other revenue can be found on Schedule A.

The chart below provides information on revenue received as a percentage of budget for each funding source over the past five years as of June 30.

Expenditures

With the approval of the additional inter-category transfer, expenditures in all categories are less than budget and total 99.0% of the appropriation compared to 98.7% for the prior year. The categorical view of expenditures as presented within the Statement of Revenues, Expenditures and Changes in Fund Balance with Supporting Schedules B and C is the view of expenditures as required by the State. By category, the chart below provides information on the level of expenditures as a percentage of budgets for each of the past five years as of June 30. Variances were spread across the state categories.

In order to provide alternate views of expenditures, three additional expenditure statements are included--by Budget Manager and by School Allocation. These views of expenditures are consistent with the budgeting system used by HCPS.

Statement of Budget Manager Expenditures

Budget manager spending can be found on pages 12-14.

The Statement of School Allocated Expenditures

At 94.0% of allocation, school spending shows sufficient capacity for school spending through the end of the year. When reviewing the comparisons, it is important to consider that school leadership may have changed over time and principals have different philosophies about expending allocated funds. Some hold funds until the end of the year; others spend earlier in the year. Neither is wrong; our goal is to ensure that the funds are spent, without being overspent, by year-end. This report can be found on pages 15-17.

Fund Balance

Fund Balance is accumulated surplus from prior years when revenues exceeded expenditures. The preliminary surplus for FY 2025 is \$8.1 million. Accumulated fund balance at June 30, 2024 was \$67.2 million; however, \$30.2 million is recognized as revenue in FY 2025. Additional assignments included the following: \$12.5 million for ongoing expenses in FY 2026, \$1.0 million for a fuel contingency, \$4.0 million is assigned to cover future lease payments for student and teacher devices and \$5.0 million assigned to help offset any health insurance call. Current assignments may be found in the chart below. Non-spendable fund balance represents resources that cannot be spent because of their form or due to contractual requirements. After subtracting all assignments/allocations, the preliminary unassigned fund balance is \$22.5 million. Unassigned fund balance in the unrestricted budget is available for one-time expenses, investments or emergencies in FY 2026 or years beyond.

Health Insurance Expenditures and Loss Ratio

HCPS is part of the Harford County Healthcare Consortium along with Harford County Government, Harford Community College and Harford County Public Libraries. The parties are self-insured and a rate stabilization account is maintained, requiring minimum balances to offset any deficits that occur. HCPS pays premiums monthly to Carefirst and Carefirst pays claims, as required. An annual reconciliation occurs where paid claims are compared to premiums paid to determine whether a surplus or deficit exists. As of June 30, 2024 the rate stabilization account had a balance of \$9.9 million. Each entity is required to maintain a balance in an amount equal to its call amount based on the premium due and payable to the vendor for the health care plan for the applicable year. The call amount is defined as no less than 5% of an entity's annual premium. If an entity's share of the rate stabilization monies exceeds 1.5 times the amount of the call amount, the entity may withdraw from the rate stabilization account the excess amount or any portion thereof. If an entity incurs a net loss for any plan year, the entity will pay to the rate stabilization account an amount up to the entity's call amount.

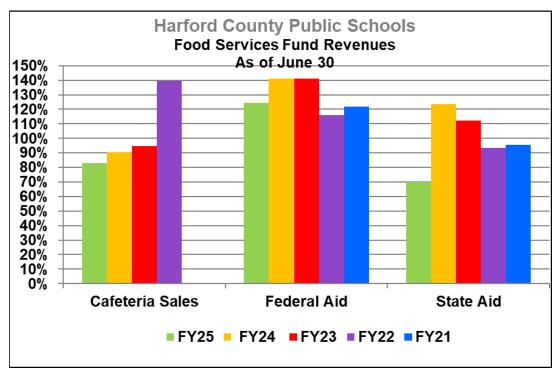

The settlement of claims for FY2024 resulted in a refund to the HCPS portion of the rate stabilization fund in the amount of \$3.6 million. The total estimated premiums for FY2025 are approximately \$110.0 million, resulting in a minimum call amount of approximately \$5.5 million. HCPS is able to withdraw any portion of the rate stabilization balance in excess of \$8.3 million (\$5.5 million minimum call x 1.5). After the FY2024 settlement, the balance in the rate stabilization account was \$11.6 million. Any amount up to \$3.3 million was eligible for withdrawal (\$11.6 million less \$8.3 million). However, healthcare claims are volatile in nature. Withdrawing the maximum amount allowed could potentially create a deficit in the event of a large call. A deficit creates a two-fold issue. First, the deficit must be paid from the reserve account, and if the reserve balance falls below the callable margin, funds must be replenished by the HCPS operating budget. Second, a deficit indicates that premiums are underfunded and a relatively large rate increase may occur. If both of these occur simultaneously, there could be a significant impact to the HCPS budget.

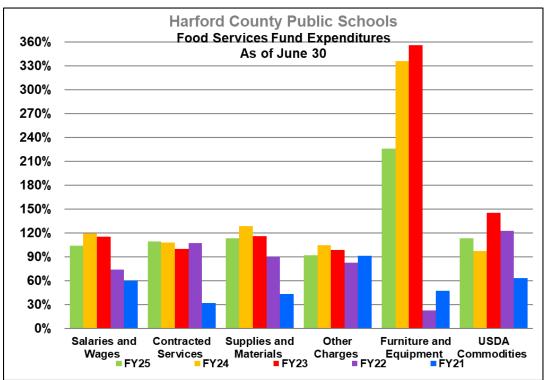

The County transferred \$3.0 million to HCPS in January, 2025.

For FY2025, health insurance expenditures are budgeted to be 15.5% of the school system's total unrestricted fund expenditures. The projections as of March 31 indicate approximately \$3.0 million in surplus. In order to protect HCPS from unusually high claims within a plan year, HCPS purchases stop-loss insurance on individual claims that exceed \$400K during the plan year and aggregate claims in excess of 125% of estimates. Claims exceeding the stop-loss levels will be removed from our actual experience at settlement. The settlement for FY2025 is expected later this fall and is currently estimated to be between \$2.5 million to \$3.0 million.

Food Services Fund

The Food Services Fund is a self-supporting fund that has not received any Unrestricted Fund support. At June 30, 2025 expenditures exceeded revenues by \$0.4 million due mainly to increased food costs and investment in kitchens and the food service program during the year.
