#### **Harford County Public Schools Non-Discrimination Statement**

The Board of Education of Harford County Public does not discriminate on the basis of age, ancestry/national origin, color, disability, pregnancy, gender identity/expression, marital status, race, religion, sex or sexual orientation in matters affecting employment or in providing access to programs and activities and provides equal access to the Boy Scouts and other designated youth groups.

In accordance with the requirements of Title IX of the Education Amendments of 1972 (20 U.S.C. §1681, et seq.), Harford County Public Schools does not discriminate on the basis of sex in any of its programs or activities or with regard to employment. Inquiries about the application of Title IX, and its implementing regulations to Harford County Public Schools may be referred to Renee McGlothlin, Harford County Public Schools Title IX Coordinator, by mail to 102 S. Hickory Avenue, Bel Air, Maryland 21014, or by telephone to 410-809-6087 or by email to Renee.McGlothlin@hcps.org or the Assistant Secretary for the Office of Civil Rights in the United States Department of Education by mail to 400 Maryland Avenue, SW, Washington, DC 20202 or by telephone 1-800-421-3481, or both.

# BOARD OF EDUCATION OF HARFORD COUNTY STRATEGIC PLAN

#### MISSION

Each student will attain academic and personal success in a safe and caring environment that honors the diversity of our students and staff.

### **CORE VALUES**

- We empower each student to achieve academic excellence.
- We create reciprocal relationships with families and members of the community.
- We attract and retain highly skilled personnel.
- We assure an efficient and effective organization.
- We provide a safe and secure environment.

#### VISION

We will **inspire** and **prepare** each student to **achieve** success in college and career.

### LONG TERM GOALS

Prepare every student for success in postsecondary education and career.

Engage families and the community to be partners in the education of our students.

Hire and support highly effective staff who are committed to building their own professional capacity in order to increase student achievement.

Provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning, creativity and innovation.

We believe the strategic plan guides our practice and is the foundation for continuous systemic growth and achievement. Our core values are constant, non-negotiable, and reflect our systemic beliefs. The plan will be reviewed annually by the Board of Education of Harford County. The components of the plan will be reflected in the Harford County Master Plan, the Board of Education Budget, and the respective School Performance and Achievement Plans.

### Board of Education of Harford County

The members of the Board as of June 30, 2024, their represented areas, and expiration of their terms are as follows:

| <u>Title</u>        | <u>Name</u>              | Representation            | <b>Term Ends</b> |
|---------------------|--------------------------|---------------------------|------------------|
| President           | Aaron S. Poynton, D.P.A. | Appointed Member-at-Large | 2025             |

September 27, 2024

Members of the Board of Education and Citizens of Harford County, Maryland:

The Public School Laws of the State of Maryland require school districts to publish within three months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2024.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

CliftonLarsonAllen, a firm of licensed certified public accountants, has issued an unmodified ("clean") opinion on Harford County Public Schools (HCPS) financial statements for the fiscal year ended June 30, 2024. The independent public accountants' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent public accountants' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

All funds and accounts of HCPS are included in the Annual Comprehensive Financial Report. For financial reporting purposes, HCPS has been defined as a component unit of the Harford County Government. Therefore, HCPS' financial statements and footnotes will be included in the Annual Comprehensive Financial Report of Harford County.

### Profile of the Government

Harford County Public Schools (HCPS) is a fiscally dependent school system with an actual enrollment of 38,105 students in fiscal 2024. HCPS is the 128th largest school system of the 526 school districts with enrollment of 15,000 or more in the country when ranked by enrollment. This places HCPS in the top twenty-four percent of school districts with enrollment of 15,000 or more by size<sup>1</sup>. There are 24 school districts in the State of Maryland and HCPS is ranked 8th in size.<sup>2</sup> The student body will be served by a projected 5,719 FTE faculty and staff positions for fiscal 2025. Peak enrollment of 40,212 was reached in 2005, and has since dropped by 2,107 students, or 5.2%.

Citizens in the county have a choice of public or private schools. Harford County has 54 public schools and 48 non-public schools<sup>3</sup> located within the county. The number of students attending private schools is unknown. The 2023 population of Harford County was 264,644<sup>4</sup>. According to the U.S. Census Bureau, the school-age population in 2023 was 44,196 of which 34,351 (HCPS enrollment less preschool and prekindergarten), or 77%, attended public schools.

The Board of Education of Harford County consists of six elected members and three members appointed by the County Executive, subject to the advice and consent of the County Council, by a vote of at least five members of the County Council. Elected members take office the first Monday in December and serve four-year terms. Appointed members serve two-year terms beginning July 1. In addition, there is a high school senior representative to the Board who serves a one-year term. The student is elected by the Harford County Regional Association of Student Councils. For more details please see Maryland Code Ann., Education Art., § 3-6A-01, et seq.

### County Government Perspective on Local Economy<sup>5</sup>

**Local economy**: Harford County's convenient location on the I-95 corridor in northeastern Maryland offers easy access to prominent research institutions such as the U.S. Army Aberdeen Proving Ground, Johns Hopkins, and the University of Maryland. Desirable location combined with the County's highly skilled work force and progressive, business-friendly environment serve to provide the draw for a wide variety of companies and industry sectors to Harford County.

Real property taxes remain one of the County's largest revenue sources. The fiscal year 2024 taxable assessable base resulted in an increase over the fiscal year 2023 assessable base of 3.7%. Properties are reassessed by the State Department of Assessments and Taxation every three years and account for one-third of the more than two million real property accounts in the state. The 2024 assessments are for "Group 3" properties and were based on an evaluation of 85,904 sales that occurred within the group over the last three years. If the reassessment resulted in a property value being adjusted, any increase in value will be phased-in equally over the next three years, while any decrease in value will be fully implemented in fiscal year 2024. For the 2024 assessment,

<sup>&</sup>lt;sup>1</sup> U.S. Department of Education, National Center for Education Statistics, Common Core of Data (CCD), "Public Elementary/Secondary School Universe Survey," 2021, Table 215.10

<sup>&</sup>lt;sup>2</sup> Maryland State Department of Education, Student Publications, "Maryland Public School Enrollment by Race/Ethnicity and Gender and Number of Schools", September 30, 2023, Table 12

<sup>&</sup>lt;sup>3</sup> Maryland State Department of Education, Student Publications, "Nonpublic School Enrollment State of Maryland, September 30, 2023," Table 5

<sup>&</sup>lt;sup>4</sup> United States Census Bureau, QuickFacts, Harford County, Maryland, Persons under 5 years / 18 years, V2023

<sup>&</sup>lt;sup>5</sup> Excerpts from the Harford County Government Annual Comprehensive Financial Report for the year ended June 30, 2024.

96.6% of "Group 3" residential properties saw an increase in property value statewide. In Harford County, residential assessments increased by 23.9% and commercial assessments for Group 3 increased by 17.7% since their last assessment in January of 2021. This is the eleventh year of positive assessment growth in Harford County.

Income tax revenue, the other major revenue source in the County, is directly affected by population growth, employment levels, and personal income. Income tax revenue had shown increases beginning in 2012 through 2023 but in 2024 we had a decrease using the modified accrual basis of accounting. The year over year decrease for 2023 to 2024 was 1.3%. Income tax is budgeted at \$317.3 million for fiscal year 2025. The recent decrease in income tax revenue is largely due to distributions from the Comptroller's office within the reporting period being smaller than in prior year.

### Long-Term Financial Planning for the School System

The majority of all funding comes from Harford County and the State of Maryland. Ongoing expenses and needs of our students continue to rise, increasing the pressure for funding. Within the next year, federal and state pandemic-related funds will be gone. If funding is not sufficient to support our students' ongoing needs, HCPS may need to examine ways to reduce expenses. Because most funding received is allocated towards existing programs, contracts and mandates, there are limited resources available to allocate for new initiatives in general education programming.

Requirements within the Blueprint legislation will also affect future funding considerations at both the local and state level.

### Blueprint for Maryland's Future

In 2016, the Maryland General Assembly created the Kirwan Commission on Innovation and Excellence in Education with the charge of making substantive recommendations to the State of Maryland on better preparing students for college or the workforce. From there, the recommendations of this commission were proposed in the form of education reform bills called the 'Blueprint for Maryland's Future Act' (Blueprint). The final recommendations are grouped into five major policy areas: (1) Early Childhood Education; (2) High-quality and Diverse Teachers and Leaders; (3) College and Career Readiness Pathways; (4) More Resources to Ensure All Students Are Successful; and (5) Accountability and Governance.

Funding within the Blueprint builds on the Bridge to Excellence Act of 2002. Foundational funding by the State is maintained with adjustments based on the wealth of the local jurisdiction, along with additional funding provided for economically disadvantaged students, English language learners, and special education students. To ensure increased per pupil funding, the Blueprint specifies the annual target per pupil foundation amounts to be provided each year from FY2023 for the next ten years, and relies on inflation thereafter. Specifically, the target per pupil amount includes costs associated with implementing the Blueprint including the five major policy areas.

According to the Kirwan Commission, the vast majority of money follows the student to the school, and new funds must be spent effectively to improve student outcomes. Ultimately, the

Blueprint interweaves funding, accountability, and purposeful mandates to alter the way Maryland school systems plan their budgets, programs, and outcome goals over the next decade. HCPS will continue to monitor this legislation closely.

#### Relevant Financial Policies

As previously stated, primary funding is provided by the State of Maryland and Harford County Government. The budget is approved by the Board of Education and the Harford County Council in accordance with State laws. The Board has no authority to levy and collect taxes or increase the budget. Formal budgetary integration, including encumbrance accounting, is employed as a management control device during the year for the governmental fund types. Management is authorized to transfer funds within major categories of expenditure, as defined by statute. Transfers between categories of expenditures and supplemental appropriations during the fiscal year require approval of the Board of Education, Harford County Executive, and Harford County Council.

By statute, in order to receive any increase in State basic school aid, each county must appropriate an amount equal to, or greater than, the prior year per pupil appropriation. Referred to as the 'maintenance of effort' calculation, it provides that if there is no enrollment growth, county funding will remain the same as that of the prior year in terms of total dollars. Counties often appropriate in excess of the minimum amount stipulated in the law.

Capital projects are funded by Harford County Government and the State of Maryland. The Board of Education has no authority to issue general obligation debt. Funds are budgeted and appropriated on both a project and annual basis. Capital project funds do not lapse at the end of each year and may be expended until completion of the project. Budget transfers between projects require the approval of the Board of Education, Harford County Executive, and the Harford County Council.

#### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Harford County Public Schools for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022. This was the nineteenth consecutive year that the school system has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a school system must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the services of the entire staff of the Finance Department under the direction of John G. Staab, CPA, Director of Finance, and the Office of Internal Audit under the direction of Laura J. Tucholski, CPA, CIA, CFE, Internal Auditor, and CliftonLarsonAllen, LLP. Many other offices in the system contributed to provide

data for this report, including the artwork published throughout the document. Our appreciation is extended to all who assisted in the timely closing of the school system's financial records and in the preparation of this report. Credit must also be given to the Superintendent and Board of Education for their unfailing support for maintaining the highest standards of professionalism in the management of HCPS' finances.

Sincerely,

Sean W. Bulson, Ed.D. Superintendent

Deborah L. Judd, CPA Assistant Superintendent for Business Services John G. Staab, CPA Finance Director

#### INDEPENDENT AUDITORS' REPORT

Members of the Board Of Education of Harford County Bel Air, Maryland

### Report on the Audit of the Financial Statements *Opinions*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harford County Public Schools (HCPS), a component unit of Harford County, Maryland as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise HCPS' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of HCPS, as of June 30, 2024, and the respective changes in financial position, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HCPS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HCPS' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of HCPS' internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HCPS' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management discussion and analysis and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the HCPS' basic financial statements. The other supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2024, on our consideration of HCPS' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of HCPS' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering HCPS's internal control over financial reporting and compliance.

### Management's Discussion and Analysis (MD&A) June 30, 2024

As Management of Harford County Public Schools (HCPS), we offer readers of the HCPS financial statements this narrative overview and analysis of the financial activities of HCPS for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 8-12 of this report.

Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments issued June 1999. Certain comparative information between the current and prior fiscal years is required to be presented in the MD&A.

The goal of the MD&A is for the HCPS financial managers to present an objective and easily readable analysis of its financial activities based on currently known facts, decisions or conditions.

### **Financial Highlights**

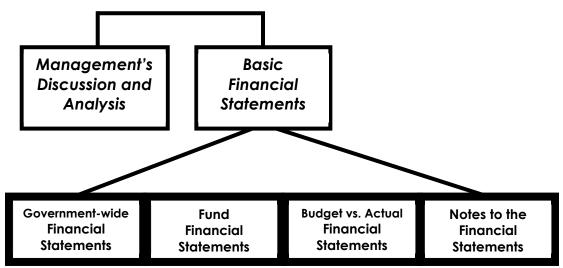

- The liabilities and deferred inflows for Harford County Public Schools exceeded its assets and deferred outflows at the close of the most recent fiscal year by \$315.2 million due mainly to the Net OPEB Liability of \$671.3 million. See Exhibit 1.
- On a budgetary basis, the General Fund unrestricted, unassigned fund balance decreased by \$4.3 million to \$26.3 million. See Exhibit 7.
- The General Fund budget increased by \$44.5 million during the year from the originally adopted budget. The entire increase was within the restricted budget as adjustments were made for new grants received during the fiscal year and to adjust for previous unspent monies, or carry-over funds, that are subsequently added to the current year budget. See Exhibit 7.
- The General Fund includes restricted and unrestricted funds. This fund's actual revenues were higher than the final budget by \$4.5 million, or 0.6%. Expenditures were lower than the final budget by \$26.3 million, or 3.9%. These variances were mainly due to unspent restricted funds that will be carried forward to the fiscal year 2025. The surplus in the unrestricted fund of \$30.8 million is due to the withdrawal from the rate stabilization account related to the healthcare settlement, higher-than-anticipated interest income and to spending 98.7 % of the operating budget. See Exhibit 7.

Management's Discussion and Analysis (MD&A)
June 30, 2024

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Harford County Public Schools basic financial statements.

#### **Basic Financial Statements**

The illustration above represents the minimum requirements for the basic external financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. In addition to the MD&A, the government-wide financial statements are the other primary addition to financial reporting under GASB Statement No. 34. The government-wide perspective is designed to provide readers with a complete financial view of the entity known as Harford County Public Schools. The financial presentation of this perspective is similar to a private sector business.

The *statement of net position* presents information on all of the assets and deferred outflows and liabilities and deferred inflows of HCPS with the difference between these reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of HCPS is improving or deteriorating. The *statement of activities* presents information showing how HCPS' net position changed during the most recent fiscal year.

These statements measure the change in total economic resources during the period utilizing the accrual basis of accounting. This means that any change in net assets is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported in this statement for some items that will only result in cash flows in future fiscal periods (such as earned but unused employee leave), or for which cash has already been expended (depreciation of buildings and equipment already purchased).

### Management's Discussion and Analysis (MD&A) June 30, 2024

The government-wide perspective is unrelated to budget and accordingly, budget comparisons are not provided.

**Fund financial statements.** A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. HCPS uses fund accounting to ensure and demonstrate compliance with finance-related requirements. Funds are in two categories, governmental funds and fiduciary funds. Harford County Public Schools does not operate any enterprise activities that are reported as proprietary funds.

The measurement focus of these statements is current financial resources; therefore, the emphasis is placed on the cash flows of the organization within the reporting period or near future.

Accordingly, the modified accrual basis of accounting that measures these cash flows is used. In the case of Harford County Public Schools, open encumbrances are excluded from expenditures. The State of Maryland's contribution to the teacher retirement system is added to revenues and expenditures, the activity of the self-insurance rate stabilization funds are included in revenues and expenditures, and student activities are included in revenues and expenditures.

Fund financial statements are also unrelated to budget and accordingly, budget comparisons are not provided in the presentation.

Budgetary presentation of individual fund financial information utilizing the current financial resources measurement focus and the budgetary basis of accounting are presented as part of the fund financial statements, as well. In these statements, available cash flows of HCPS itself are measured as well as the commitment to acquire goods or services with that cash. Open encumbrances at year-end are included in the expenditures.

This is the legal basis upon which the budget is adopted so budget comparisons are provided. GASB Statement No. 34 requires that we present the original adopted budget as well as the final budget and discuss the changes between them.

|                                      | Government-wide    | Fund Statements   | Budgetary Fund    |
|--------------------------------------|--------------------|-------------------|-------------------|
|                                      | Statements         |                   | Statements        |
| Measurement Focus Economic Resources |                    | Current Financial | Current Financial |
| Measurement rocus                    | Economic Resources | Resources         | Resources         |
| Dosis of Assounting                  | Accrual            | Modified Accrual  | Cash and          |
| Basis of Accounting                  | Acciual            | Modified Acciual  | Commitments       |
| Budget                               | No                 | No                | Yes               |

The table above presents the differences in the presentation of the basic financial statements.

Fiduciary responsibility – Retiree Health Plan Trust (Exhibits 8 and 9). HCPS is the trustee, or fiduciary, for its retiree health plan trust. We exclude these activities from Harford County Public Schools' other financial statements because the assets cannot be used to finance HCPS'

### Management's Discussion and Analysis (MD&A) June 30, 2024

activities. We are responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Required supplementary information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information immediately following the notes to the financial statements.

Other supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information immediately following the required supplementary information.

#### **Government-wide Financial Analysis**

Net position over time may serve as a useful indicator of a government's financial position. The liabilities and deferred inflows for Harford County Public Schools exceeded its assets and deferred outflows at the close of the most recent fiscal year by \$315.2 million due mainly to the Net OPEB Liability of \$671.3 million. Net position increased by \$101.9 million from June 30, 2023 to June 30, 2024 due mainly to the increase in capital assets. The unrestricted deficit as of June 30, 2024 of \$1.1 billion is also due mainly to the net OPEB liability.

By far, the largest portion of the net position reflects the net investment in capital assets (i.e., land, buildings, machinery, and equipment). These capital assets are used to provide services to the students and citizens of Harford County and are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these related liabilities. Minimal debt for assets is carried by HCPS. As previously explained, HCPS is fiscally dependent on and nearly all capital debt is carried by the county and state governments.

The largest change in assets is the increase of \$66.1 million in capital assets due mainly to the Homestead Wakefield and Harford Technical High School projects. The OPEB component of deferred outflows decreased \$114.5 million mainly due to the amortization of losses incurred in past years that was recognized in the current year.

The largest change in liabilities is the reduction in noncurrent liabilities due to the reduction in the OPEB liability by \$255.7 million based on the overall actuarial valuation and the assumptions used. The OPEB component of deferred inflows increased \$88.0 million due to new deferred inflows from changes in the assumptions as well as experience gains that out-paced the decrease due to the recognition of past experience.

Also included in long-term liabilities is compensated absences. HCPS is committed by employee agreements to pay employees at retirement twenty-five percent (25%) of their earned but unused sick leave. For administrators, the limit is 300 days, all others are up to 200 days, plus any earned and unused vacation. The long-term portion is the amount we expect to pay beyond June 30, 2024.

### Management's Discussion and Analysis (MD&A) June 30, 2024

Of the total \$40.8 million of accrued compensated absences as of June 30, 2024, \$6.7 million is due within one year. The amount attributable to vacation leave is \$7.6 million and \$33.2 million for sick leave. Historically, this liability was funded on a "pay-as-you-go" basis from available current financial resources. This method is expected to continue. HCPS also has obligations under notes payable, finance purchase obligations, leases payable and subscriptions payable for \$24.3 million of which \$8.3 million is due within one year. The remaining long-term liabilities are due to the net pension liability, \$32.8 million, and net OPEB liability, \$671.3 million.

HCPS' net position as of June 30, 2024 and 2023, is illustrated in the table below and Exhibit 1.

### Harford County Public Schools Net Position

|                                       | June 30, 2024    | June 30, 20223   | \$ Change      | % Change |  |
|---------------------------------------|------------------|------------------|----------------|----------|--|
| ASSETS                                |                  |                  |                |          |  |

| Current and other liabilities         | 28,871,343       | 19,458,131       | 9,413,212      | 48.4%    |  |
| Noncurrent liabilities                | 769,132,332      | 1,015,196,026    | (246,063,694)  | -24.2%   |  |
| Total liabilities                     | 798,003,675      | 1,034,654,157    | (236,650,482)  | -22.9%   |  |
| Deferred inflows related to OPEB      | 875,395,000      | 787,406,000      | 87,989,000     | 11.2%    |  |
| Deferred inflows related to pensions  | 1,533,880        | 2,300,033        | (766,153)      | -33.3%   |  |
| Total deferred inflows                | 876,928,880      | 789,706,033      | 87,222,847     | 11.0%    |  |
| NET POSITION                          |                  |                  |                |          |  |
| Net investment in capital assets      | 776,372,499      | 721,177,586      | 55,194,913     | 7.7%     |  |
| Restricted                            | 32,982,997       | 27,712,910       | 5,270,087      | 19.0%    |  |
| Unrestricted                          | (1,124,516,648)  | (1,165,984,379)  | 41,467,731     | -3.6%    |  |
| Total net position                    | \$ (315,161,152) | \$ (417,093,883) | \$ 101,932,731 | -24.4%   |  |

Results of operations for HCPS, as a whole, are presented in Exhibit 2, the Statement of Activities. Approximately \$721.4 million in expenses are reported. To the extent possible, revenue directly attributed to the function or program is reported against the appropriate expense. Included in such

### Management's Discussion and Analysis (MD&A) June 30, 2024

revenues are charges for services and grants. \$525.5 million in expenses were supported using other general revenue sources not specifically attributed to a function or program.

The Special Revenue Fund, or Food Services Fund, is designed to be self-funded. Allocation of program revenues to expenses produced a surplus for this program due to higher than budgeted reimbursements.

The following table summarizes the government-wide cost of services for each program or function. About 91.2% of the total cost of services are directly related to students' instruction and welfare. Of the remaining 9.0%, or \$64.8 million, \$62.9 million is used for the direct administration of schools and instructional support. It is important to note that in this report format, costs for employee benefits and depreciation on fixed assets are allocated to the appropriate program or function.

| Total                              | \$ | 64,810,531   | \$         | 55,834,011    | 86.1%         |

Total revenues increased by \$77.9 million, or approximately 9.5%, over the prior year, as shown in the following table. Charges for services, though a small number, represent a large percentage increase simply due to returning to normal operations. Operating grants represent a \$25.5 million increase in revenues recognized and local appropriations decreased \$9.4 million. Investment earnings have a large percentage increase over the prior year due to increased interest. Student activity revenues and expenses are reflected in the general fund and the expectation is that the majority of these funds are used in the current year. HCPS is fiscally dependent on local and state

### Management's Discussion and Analysis (MD&A) June 30, 2024

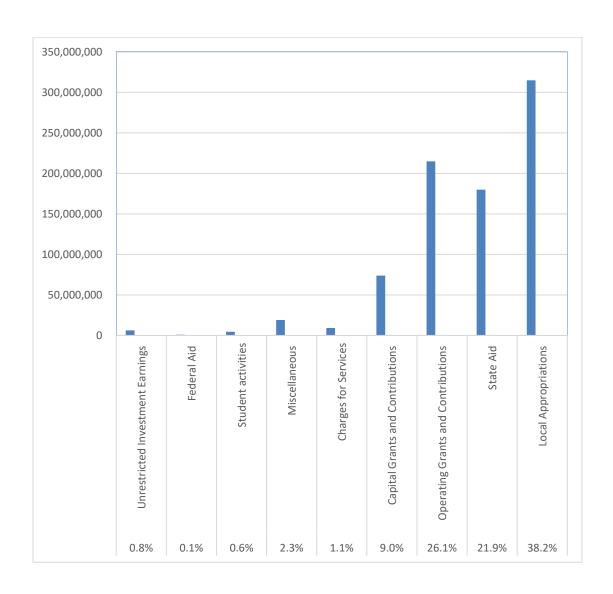

aid to fund its daily operations. State aid is partially formula driven based on student population and wealth and also by Blueprint mandates. Local revenue, provided by the Harford County Government, is dependent upon the economic condition of the County. However, the education statute requires a minimum level of funding equal to the prior year's per pupil contribution times the current year projected enrollment. Most of the operating grant funding is from the state and federal governments. Expenses decreased nominally by \$0.5 million, or 0.1%.

### **Fund Performance**

Funds are self-balancing sets of accounts used to control and manage money for particular purposes. As pointed out earlier, fund information is presented in two ways to satisfy two specific purposes.

Exhibit 3 is the Balance Sheet for the HCPS governmental funds and Exhibit 5 presents those same funds' results of operations.

In the General Fund, \$20.7 million was transferred to the Capital Projects Fund, which is the primary reason for an overall decrease of the general fund balance by \$16.5 million. A portion of the Special Revenue fund balance was used to invest in kitchen and warehouse equipment and vehicles to support the food and nutrition program which led to a \$0.4 million reduction of its fund balance. Expenditures exceeded revenues in the Capital Projects Fund by \$15.0 million but both revenues and expenditures were higher than in the previous year. This is due to timing of revenues received and funds used to support state and local capital projects in varying stages of progress. The current large state projects include the replacement of Homestead Wakefield Elementary and the renovation of Harford Technical High School. Local funds contribute to state-supported projects as well as solely funding other projects such as general repairs, replacements and purchases of vehicles and buses.

Management's Discussion and Analysis (MD&A) June 30, 2024

### General Fund Budget and Actual (Exhibit 7)

Budget changes made to the original budget during the fiscal year totaled \$44.5 million, or 6.8%. Most of this change was due to \$24.3 million in carry-over funds related to pandemic-related grants, Medical Assistance and other recurring federal grants. New grant funds were also received during the year totaling \$19.2 million.

### Management's Discussion and Analysis (MD&A) June 30, 2024

It is critical for the reader to understand that local and state revenues account for 96.8% of the total General Fund unrestricted revenue, as reflected in Exhibit 7. The operating revenues of Harford County Public Schools are largely dependent on the economy and legislation.

Other revenues include items such as tuition, facility rental, rebates, healthcare settlements, interest income, rebates and dividends from MABE's insurance programs. Major receipts in other revenues specifically include the following: \$16.3 million in healthcare settlements, \$1.2 million in tuition and fees, and \$1.9 million in other miscellaneous revenue mainly due to rebates and a settlement.

### Capital Assets, Leases and Debt Administration (See Notes 4 and 5)

Capital Assets: As of June 30, 2024, HCPS had approximately \$1.2 billion invested in a broad range of capital assets including land (1,941 acres), buildings (6.2 million square feet), improvements, furniture, vehicles and other equipment. Capital and lease assets increased approximately \$97.5 million over last year, excluding the effect of depreciation as shown in the table below. Most of this increase pertains to a school replacement project and a school renovation project.

### Harford County Public Schools Changes to Capital Assets

The chart below reflects the various long-term liabilities reflected in these financial statements.

Leases and Long-term Debt: School districts in Maryland are in the uncommon position of owning assets but not the debt associated with those facilities as they are fully fiscally dependent on the state and county governments. Accordingly, HCPS carries no bond rating, but has an approved debt policy for lease transactions. In fiscal year 2022, HCPS refinanced the note for the Administration Building, reflected as the Finance purchase obligation below, to a lower rate of

### Management's Discussion and Analysis (MD&A) June 30, 2024

1.71%, without extending the term of the debt. Net budgetary savings is approximately \$213,000 between years 2023 and 2030. The decrease associated with the finance purchase obligation is solely the reduction of the liability.

Notes payable currently reflects the performance energy contract and the decrease associated is solely the reduction of this liability.

Leases reflected in these financial statements pertain mainly to the HCPS copier lease and laptop leases for students and staff. The increase over the prior year is due to an additional laptop lease into which HCPS entered.

Subscriptions payable are also considered long-term debt. The increase over the prior year is mainly due to the new Oracle Fusion subscription that was implemented in fiscal year 2024.

### **Ongoing Challenges**

The Blueprint for Maryland's Future, a comprehensive education reform initiative, has posed numerous challenges for Harford County Public Schools (HCPS). One of the primary concerns pertains to the financial burden associated with realizing the program's ambitious goals, which encompass raising teacher salaries, expanding pre-K programs, and offering free high school initiatives like dual enrollment and advanced placement coursework. Based on our analysis and experience the funding formula for the Blueprint legislation is insufficient for the requirements therein, which is exemplified by Special Education where HCPS expenditures significantly eclipse funding. HCPS grapples with funding constraints that make it arduous to meet these requirements without potentially compromising other vital facets of the education system that are not included in the legislation, such as safety and security and transportation. Moreover, recent changes in Maryland's state assessments, coupled with the stringent accountability requirements within the Blueprint for Maryland's Future, have had a significant financial impact. The transition from the Partnership for Assessment of Readiness for College and Careers (PARCC) to the Maryland Comprehensive Assessment Program (MCAP) exemplifies the need for updated instructional materials, technology, and additional technical support to ensure a seamless transition to computerbased assessments like MCAP, thus further exacerbating the financial burden. Aligning curriculum

### Management's Discussion and Analysis (MD&A) June 30, 2024

with new assessment standards and Blueprint curriculum requirements necessitates the development or adaptation of teaching materials and instructional resources, often requiring substantial investments. Additionally, teachers require substantial professional development to effectively implement the updated curriculum and to comply with new Blueprint literacy and math requirements, a factor that place additional strain on the budget, exemplified by the extensive training required for the Science of Reading. Lastly, the rigorous data tracking requirements imposed by the Blueprint have stretched HCPS's administrative resources in a way that requires additional long-term resource considerations.

Another significant challenge relates to benefits offered to employees and retirees. HCPS has made several policy changes with respect to benefits provided to retirees and further considerations will need to be explored. Currently, HCPS is participating in a multi-employer OPEB Investment Trust administered by the Maryland Association of Boards of Education (MABE). We believe this structure is unique in the country. HCPS annually budgets an amount to fund the OPEB Trust. While we have the vehicle to invest OPEB funds, one of the issues will be whether or not the County will fund OPEB contributions to meet our proposed 30-year timeframe to achieve full funding. The current economic climate has been, and is forecast to continue to be, prohibitive to this objective. The unfunded liability is quite large; however, effective January 1, 2021 retiree healthcare moved to a Medicare Advantage Plan which will continue to result in savings both for the employee and the school system and help to contain the growth of the unfunded liability.

### **Future Challenges**

The school system must consider a multitude of factors as it prepares future budgets. In addition to the ongoing challenges above, notable factors influencing future budgets include the following:

- increasing number of homeless students, those newly immigrated to this country, and a growing socioeconomically eligible population require greater services
- increasing requirement for funding to hire more ESL staff and provide more documents in various languages
- additional legislation requiring increased support for services to address the increasing mental health concerns of students, which is contributing to rising caseloads for HCPS student services staff
- increasing need to hire more high school counselors and to make them twelve-month employees to manage workloads
- increasing enrollment of students with severe disabilities requiring additional programming and staffing both in the classroom and transportation services
- increasing need to hire qualified home and hospital teachers to support students
- uncertain enrollment figures as families continue to make different educational decisions

#### **Harford County Public Schools**

Management's Discussion and Analysis (MD&A)
June 30, 2024

- insufficient building capacity to support expansion of pre-k, special education programming and community schools initiatives
- limited capital funding from the state and local governments which provide funding for renovations and additions to existing schools, the construction of new schools and also for other capital items including buses and technology
- the need for competitive salaries in order to attract and retain highly qualified employees for all HCPS positions as well as to meet Maryland Blueprint requirements
- continued projected increases in the cost of employee health and dental benefits and state retirement costs
- the increased focus on safety in our schools and the lack of funding dedicated to the initiative
- the funding cliff as federal stimulus funds diminish over the next two fiscal years

#### **Contacting Harford County Public Schools' Financial Management**

Our financial report is designed to provide our citizens, taxpayers, parents, and students with a general overview of HCPS finances and to demonstrate its accountability for the money it receives.

If you have questions about this report or wish to request additional financial information, contact Deborah L. Judd, CPA, Assistant Superintendent for Business Services at (410) 588-5321; or by mail at Harford County Public Schools, Business Services, 102 South Hickory Avenue, Bel Air, Maryland 21014.

#### STATEMENT OF NET POSITION JUNE 30, 2024

Deferred inflows related to pensions.

Total net position - governmental activities (Exhibit 1)

### RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION June 30, 2024

| Total fund balances - governmental funds (Exhibit 3)  | \$<br>115,580,410 |
|---|-------------------|
| Amounts reported for governmental activities in the statement of net position are different because:  |                   |
| Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of these assets is \$1,200,914,832 and the accumulated depreciation and amortization. is \$397,577,730  | 803,337,102       |
| Long-term liabilities are not due and payable from current resources and therefore are not reported as liabilities in the funds. Long-term liabilities at year-end consist of compensated absences payable (\$39,121,793), obligations under leases (\$9,908,102), finance purchase obligations (\$4,509,625), notes payable - direct borrowing (\$6,218,303) and subscriptions payable (\$3,623,787), net OPEB liability (\$671,290,000) and net pension |                   |
| liability (\$32,831,734).   | (767,503,344)     |
| Deferred outflows related to OPEB.  | 397,882,000       |
| Deferred outflows related to pensions.  | 12,471,560        |
| Deferred inflows related to OPEB.   | (875,395,000)     |

The accompanying notes are an integral part of this financial statement.

# RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2024

Total net change in fund balances - governmental funds (Exhibit 5)

\$ (11,215,670)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay (\$100,738,709) exceeded depreciation and amortization expense (\$34,617,732) and loss on disposal of assets (\$911).

66,120,066

Leases and notes payable provide current financial resources to governmental funds but increases long-term liabilities in the statement of net position. Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position. In the current year, the net effect of borrowings and repayments on leases was \$2,085,986, finance purchase obligations (\$708,002), notes payable - direct borrowing was (\$965,518) and subscriptions was \$3,398,085.

(3,810,551)

In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for compensated absences are measured by the amount of financial resources used (essentially, the amounts actually paid or expected to be paid within one year) This year, vacation and sick leave earned exceeded the amounts used by \$1,716,264.

(1,716,262)

OPEB costs reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

53,178,000

Pension costs reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

(622,852)

Change in net position of governmental activities (Exhibit 2)

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Reporting Entity**

The Board of Education of Harford County (the Board) is a body politic and corporate established by the Public School Laws of Maryland. For financial reporting purposes, the Board (alternatively referred to herein as Harford County Public Schools) is a component unit of Harford County, Maryland (the County) by virtue of the County's responsibility for levying taxes and incurring debt for the benefit of the Board, as well as its budgetary control over the Board. Accordingly, the financial statements of the Board are included in the financial statements of the County.

The accounting policies of Harford County Public Schools conform to accounting principles generally accepted in the United States of America. Accordingly, the Board applies all applicable Governmental Accounting Standards Board (GASB) pronouncements. The following is a summary of significant accounting policies employed by the Board.

#### **Government-Wide and Fund Financial Statements**

The Statement of Net Position and the Statement of Activities report information on all of the non-fiduciary activities of Harford County Public Schools as a whole. The activities of the General Fund (Current Expense Fund), Special Revenue Fund (Food Service Fund) and Capital Projects Fund (School Construction Fund) have been presented as governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Local appropriations, state and federal aid and other items which are not classified as program revenues are presented as general revenues of the Board. The Board has no internal service funds and inter-fund services provided and used are negligible and are not eliminated in the process of consolidation.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. All individual governmental funds are considered to be major funds and are reported as separate columns in the governmental fund financial statements. The Board has no proprietary funds.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Local appropriations and state and federal aid are recognized as revenues in the year for which they were approved by the provider. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to certain compensated absences are recognized when the obligations are expected to be liquidated with expendable available resources.

Local appropriations and state and federal aid associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria have been met. Expenditure driven grants are recognized as revenues when the qualifying expenditures have been incurred and all other grant requirements have been met.

Inter-fund balances account for expenditures paid in the general fund for other funds through a common system. Reimbursements are made periodically as revenues are received.

The Retiree Health Plan Trust Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

<u>Governmental Funds</u>

Current Expense Fund (General Fund) - The general fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Special state and federal programs are included in the restricted portion of this fund.

Food Service Fund (Special Revenue Fund) – The food service fund is used to account for the operations of the cafeterias and production facilities which provide for the preparation and sale of meals primarily to students. As a special revenue fund, the proceeds of specific revenue sources (other than major capital projects) are legally restricted to expenditures for specified purposes.

A substantial portion of its revenues are derived from other governments and it is not intended to be self-sustaining from food sales. The Board exercises the appropriate budgetary and accounting control through use of an annual budget prepared by the Department of Food and Nutrition and the Budget Office, which is reviewed and monitored by management during the fiscal year. There is no legal requirement for an approved budget.

School Construction Fund (Capital Projects Fund) – The school construction fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The Board reports the following funds in the fund financial statements:

#### Fiduciary Funds

Retiree Health Plan Trust Fund – This fund was established to prefund other postemployment benefits (OPEB) that the Board provides to retirees of the Board and their dependents. It consists of contributions of the Board to establish a reserve to pay health and welfare benefits of future retirees. Contributions to the Trust qualify as contributions and are reported as additions using the economic resource measurement focus and the accrual basis of accounting, under which expenses (deduction) are recorded when the liability is incurred or the benefits are paid.

#### Assets, Liabilities and Net Position or Equity

#### Cash and Cash Equivalents

Amounts in demand deposits and short-term investments with a maturity date of three months or less when purchased are considered cash and cash equivalents.

#### Due From Other Units of Government and Other Receivables

Due from other units of government consists primarily of amounts due for local and state appropriations under the operating budget and capital projects, and expenditures in excess of amounts received under grant agreements. Other receivables include amounts due from other local education agencies for out-of-county tuition and the deposit with the Harford County Consortium for stabilization of health insurance costs.

Accounts receivables are not collateralized but are primarily with other governmental units and related agencies. These entities rarely default on their obligations and management of the Board considers all amounts collectible as of June 30, 2024. Therefore, no valuation allowance is provided against the amounts due.

#### Inventory

Inventory in the general fund consists of supplies maintained in the distribution center and is recorded at cost. Inventory in the food service fund consists of expendable food and supplies held for consumption and is recorded at cost. The cost is recorded as an asset at the time individual inventory items are purchased. As inventory is consumed, the cost is charged to expenditures.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities and Net Position or Equity (continued)

#### Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported as governmental activities in the government-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of more than \$5,000 and a useful life of at least two years. In addition, assets having an estimated useful life of more than one year that are below the \$5,000 threshold and not considered repair or maintenance costs are collectively capitalized on the financial statements when the aggregate of those assets are considered significant. Capital assets are recorded at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment are depreciated using the straight-line method over estimated useful lives of 20-50 years for buildings, improvements and infrastructure, and 5-20 years for furniture and equipment.

Assets that have been acquired with funds received through federal grants must be used in accordance with the terms of the grant. Federal regulations require, in some cases, that the Board must reimburse the federal government for any assets which the Board retains for its own use after the termination of the grant unless otherwise provided by the grantor.

Right-to-use lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received form the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

#### Compensated Absences

As of June 30, 2024, annual and sick leave earned, applicable to governmental fund types, but not taken by Board employees, was \$40,750,781. This amount is based on vested accumulated leave as of June 30, 2024, for employees eligible to receive annual leave benefits at retirement. Sick leave is accrued for employees with at least ten years of service and calculated at 25% of their

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Assets, Liabilities and Net Position or Equity (continued)

annual daily rate up to a maximum ranging from 200 to 300 days. An accrual in the amount of \$1,628,988 was made in the General Fund for the year ended June 30, 2024.

This amount was an estimate of the accumulated annual and sick leave which is due and payable as of June 30, 2024 as it will be paid to retirees during the first month of the fiscal year ending June 30, 2025. The remaining liability for accumulated annual and sick leave earned in the amount of \$39,121,793 is reported as a noncurrent liability in the government-wide financial statements.

#### Pensions

Certain employees of the Board are members of the Maryland State Retirement and Pension System. Employees are members of either the Teachers Pension System of the State of Maryland (TPS) or the Employees Retirement System of the State of Maryland (ERS). TPS and ERS are part of the Maryland State Retirement and Pension System that is considered a single, multiple-employer cost-sharing plan.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TPS and ERS and additions to/deductions from TPS and ERS' fiduciary net position have been determined on the same basis as they are reported by TPS and ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### **Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Fund, and Capital Projects Fund. Encumbrances outstanding at year-end are reported as assignments of fund balances since they do not constitute expenditures or liabilities.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Assets, Liabilities and Net Position or Equity (continued)

#### Net Position and Fund Balance

The difference between fund assets and deferred outflows and liabilities and deferred inflows is "Net Position" on the government-wide and fiduciary fund statements and "Fund Balance" on governmental fund statements. Net Position is classified as "Net investment in capital assets," legally "Restricted" for a specific purpose, or "Unrestricted" and available for appropriation for general purposes. When both restricted and unrestricted resources are available for use, it is the Board's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

In the governmental fund financial statements, non-spendable and restricted fund balance represent amounts that are legally restricted by outside parties for use for a specific purpose or are otherwise not available for appropriation. Assigned fund balance represents the portion of fund balance that reflects the Board's intended use of resources.

#### **Use of Estimates in Preparing Financial Statements**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### **Budgets and Budgetary Accounting**

Budgetary compliance is measured using the budgetary basis of accounting, the purpose of which is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland, and special federal and state programs.

The budgetary basis differs from GAAP, which is used for the fund financial statements, in that encumbrances, which represent commitments to purchase goods and services, are treated as expenditures of the current period rather than assignments of the fund balance, portions of the prior year's fund balance are included as revenues and retirement payments made on the Board's behalf by the State of Maryland are excluded from revenues and expenditures. Revenue and expenditures from student activities are not budgeted and therefore are excluded. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (non-GAAP basis) and Actual-General Fund is presented using the budgetary basis of accounting. By state law, major categories of expenditures may not exceed budgeted amounts. The state-mandated categories of expenditures include Administration, Mid-level Administration, Instructional Salaries, Textbooks and Instructional Supplies, Other Instructional Costs, Special Education, Pupil Personnel Services, Student Health Services, Student Transportation, Operation of Plant, Maintenance of Plant, Fixed Charges, Community Services and Capital Outlay.

#### NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING (continued)

The Board follows these procedures in establishing the budgetary data reflected in the financial statements:

#### **Operating Budget (General Fund)**

- 1) Early each fiscal year the Budget Office coordinates with the Superintendent to seek input from departmental leaders as the budget planning process begins.
- 2) The Board may, at its discretion, discuss and establish its priorities for the operating budget at the regular monthly meetings in October and November.
- 3) No later than the regular monthly meeting in January, the Superintendent of Schools will present the recommended operating budget to the Board and the general public.
- 4) In January, the Board will hold a special meeting for the purpose of providing for a public hearing on the Superintendent's recommended operating budget.
- 5) No later than the regular monthly meeting in February, the Board will adopt an operating budget and submit the adopted operating budget to the County Executive.
- 6) After approval or adjustment by the County Council, the final operating budget is approved by the Board in June.
- 7) Budgets are normally adopted on a basis consistent with GAAP except for the inclusion of portions of the prior year's fund balance as revenues, the inclusion of encumbrances as expenditures, the inclusion of revenues and expenditures of student activities and the exclusion of retirement payments made on the Board's behalf by the State of Maryland as revenues and expenditures. Budget comparisons presented are on a non-GAAP budgetary basis.
- 8) Transfers may be made within the major categories by the Board of Education without the approval of the County Council as budgetary control is at the major category level.
- 9) Requests approved by the Board of Education for transfers between major categories must be submitted to the County Council for approval or denial. No action within thirty (30) days of submission constitutes approval.

The expenditures under special state and federal programs may exceed budgeted amounts. The grants included in this category are not part of budget categories subject to the spending limitations of the operating budget. Expenditures under these programs are limited to the amounts of the respective grants.

#### NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING (continued)

#### **Food Service Fund Budget (Special Revenue Fund)**

The Food Service Fund Budget is not a legally adopted budget; therefore, a budget to actual presentation is not included in the basic financial statements. The comparison of the Food Services Fund Budget to actual revenues and expenditures is presented as a supplementary schedule to these financial statements. Revenue from federal sources in the Food Service Fund includes \$1,138,242 of donated commodities from the United States Department of Agriculture.

#### **Capital Budget - School Construction Fund (Capital Projects Fund)**

Annual budgetary comparisons to actual expenditures are not presented in the financial statements for the Capital Projects Fund.

School construction is budgeted on a project basis with funds primarily provided by Harford County and the State of Maryland. State funds are approved by the state's interagency committee.

#### **Reconciliation of Budgetary Data**

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - General Fund is prepared on a legally prescribed budgetary basis of accounting which differs from GAAP. The purpose of the budgetary basis of accounting is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland and special federal and state programs.

#### NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING (continued)

| Revenues (non-GAAP budgetary basis - unrestricted and restricted) Prior year fund balance Revenues adjusted by restricted encumbrances of expenditure driven grants Pension contributions made directly by the State of Maryland Interest earned on rate stabilization deposit Student activities | \$     | 703,293,200<br>(16,000,000)<br>3,247,831<br>28,645,157<br>986,502<br>4,552,067  |

| Assigned Fund Balance (GAAP basis)  | \$     | 57,433,934  |

#### NOTE 3 – CASH AND INVESTMENTS

#### Cash on Hand

At year end, cash on hand for petty cash and change funds was \$80.

#### **Deposits**

#### Custodial Credit Risk

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Board may not be able to recover the deposits. The Annotated Code of Maryland requires that funds on deposit with a financial institution be fully secured by deposit insurance, surety bonds, obligations of the United States or its agencies, obligations of the State of Maryland or any of its agencies, or obligations of a county, other governmental authority, or municipal corporation in the State of Maryland. As of June 30, 2024, all of the Board's deposits were either covered by FDIC insurance or collateral held by the financial institution in the Board's name. As of June 30, 2024, the carrying amount of the Board's deposits was \$3,913,523 and the bank balance was \$10,693,849.

#### **Investments**

Statutes authorize the Board to invest in obligations of the United States Government, federal government agency obligations, secured time deposits in Maryland banks, bankers' acceptances, the Maryland Local Government Investment Pool (MLGIP), money market mutual funds, commercial paper and repurchase agreements secured by direct government or agency obligations.

The Board is a participant in the MLGIP, which is under the administration of the State Treasurer. The MLGIP was created as part of the Annotated Code of Maryland and is rated AAAm by Standard and Poors, their highest rating for money market funds. Unit value is computed using the amortized cost method and the pool maintains \$1.00 per unit constant value. The pool is a Rule 2a7 like pool, which is not registered with the Securities and Exchange Commission, but generally operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. The Board has no unfunded commitments nor significant terms or conditions for redemption. The investment objectives of the Pool are to preserve the capital value of the dollars invested, to provide a competitive rate of return and to provide a readily available source of daily liquidity. The amortized cost of the pool is the same as the value of the pool shares.

As of June 30, 2024, the Board's investment balances were as follows:

|   | Total         | Total        |                |
|---|---------------|--------------|----------------|
|   | Governmental  | Fiduciary    |                |
|   | Funds         | Funds        | Total          |
| Maryland Local Government Investment Pool | \$ 66,445,441 | \$ -         | \$ 66,445,441  |
| MABE Trust                                |               | 81,995,168   | 81,995,168     |
| <b>Total Investments</b>                  | \$ 66,445,441 | \$81,995,168 | \$ 148,440,609 |

#### **NOTE 3 – CASH AND INVESTMENTS** (continued)

#### Interest Rate Risk

Fair value fluctuates with interest rates and increasing interest rates could cause fair value to decline below original cost. To limit the Board's exposure to interest rate risk arising from increasing interest rates, the Board's investment policy limits the term of investment maturities, except in the fiduciary funds, for which longer term maturities are allowed to match the cash flow of liabilities. The Board's management believes the liquidity in the portfolio is adequate to meet cash flow requirements and to preclude the Board from having to sell investments below original cost for that purpose. The investments as of June 30, 2024, complied with the Board's investment policy as of that date.

Investment income includes the following for the year ended June 30, 2024:

| Net interest and dividends                                     | \$<br>6,324,582 |
|--|-----------------|
| Less: Restricted net investment income                         | 75,577          |
| <b>Total Net Investment Income Per Statement of Activities</b> | \$<br>6,249,005 |

#### Credit Risk

In order to control credit risk, State statutes authorize the Board to invest in obligations of the United States government, federal government agency obligations, secured time deposits in Maryland banks, bankers' acceptances, the MLGIP, money market mutual funds, commercial paper and repurchase agreements secured by direct government or agency obligations.

#### Concentration of Credit Risk

In accordance with its investment policy, with the exception of U.S. Treasury securities, repurchase agreements, U.S. government agencies and MLGIP, no more than 50% of the Board's total investment portfolio is to be invested in a single security type. With the exception of overnight repurchase agreements with the Board's lead bank and the MLGIP, no more than 50% of the Board's portfolio may be invested in a single institution.

#### Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counter party, the Board will not be able to recover all or a portion of the value of its investments or collateral securities that are in the possession of an outside party. The Board's investment policy states that all investments must be fully collateralized. As of June 30, 2024, all of the Board's investments were insured or registered, were held by the custodian in the Board's name or were invested in MLGIP.

#### **NOTE 3 – CASH AND INVESTMENTS** (continued)

Reconciliation of cash and investments as shown on the Statement of Net Position:

| Cash on hand   | \$ | 80         |
|--|----|------------|
| Carrying amount of deposits                              |    | 3,913,523  |
| Carrying amount of sweep accounts                        |    | 22,500,000 |
| Carrying amount of investments                           | 1  | 48,440,609 |
| Total cash and investments                               | 1  | 74,854,212 |
|  |    |            |
| Less: Amounts in fiduciary funds                         |    | 81,995,168 |
| Total Cash and Investments per Statement of Net Position | \$ | 92,859,044 |
|  |    |            |
| Cash and cash equivalents                                | \$ | 26,413,603 |
| Investments  |    | 66,445,441 |
| Total Cash and Investments per Statement of Net Position | \$ | 92,859,044 |

#### Investment in External Investment Pool

The Board has funds designated for Other Postemployment Benefits (OPEB) that are held by Maryland Association of Boards of Education (MABE) in the MABE OPEB Trust (MABE Trust). The MABE Trust is administered by the MABE and is a wholly-owned instrumentality of its members. The ten members who are sole contributors to the MABE Trust consist of Allegany Fiduciary Fund and the boards of education of the following Maryland counties: Allegany, Caroline, Cecil, Charles, Harford, Kent, Prince George's, St. Mary's and Washington.

The investments of the MABE Trust are stated at fair value and are managed by Fidelity Brokerage Services, LLC and consist of money market funds, U.S. government and agency fixed income and asset backed securities, equity securities, mutual funds and exchange traded funds and corporate and corporate asset backed securities. The MABE Trust categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 are significant unobservable inputs. Although all of the investments of the MABE Trust are considered Level 1 and Level 2, the Board's membership investment in the MABE Trust is considered Level 2. As of June 30, 2024, the pooled net position of the MABE Trust was \$694,650,255 in total, of which the Board's allocated investment balance was \$81,995,168. The Board may terminate its membership in the MABE Trust and withdraw its allocated investment balance by providing written notice six months prior to the intended date of withdrawal.

The MABE Trust is audited annually by an independent CPA firm. For the current year Cohen & Company of Hunt Valley, Maryland performed this service. The audit report is usually issued by September 1st of each year, a copy of which can be obtained by sending a request to the following address: Administrator of the MABE Pooled Investment Trust, 621 Ridgely Road, Suite 300, Annapolis, MD 21401-1112.

#### NOTE 4 - CAPITAL ASSETS

Capital asset balances and activity for the year ended June 30, 2024, were as follows:

|  |                | Retirements/  |                   |                |
|--|----------------|---------------|-------------------|----------------|
|  | July 1, 2023   | Additions     | Reclassifications | June 30, 2024  |

#### Finance Purchase Obligations

The Board entered into a special financing arrangement (note payable) in the amount of \$11,400,223 to construct the administration building, which was completed in January 2006. The agreement is for a period of twenty-five years. The debt was refinanced on March 1, 2022 at a rate of 1.71%. The term of the debt was not extended.

#### Notes Payable – Direct Borrowings

The Board entered into a contract to install energy efficient enhancements to existing buildings. Payments continue through January 2030 at a discount rate of 2.02%. The Board's outstanding note from the direct borrowing contains a provision that in the event of default, outstanding amounts become immediately due if the Board is unable to make payment.

#### Compensated Absences

Compensated absences and net pension liability have typically been liquidated by the General Fund in prior years. The net OPEB liability is expected to be liquidated by the General Fund going forward.

#### NOTE 5 - LONG-TERM LIABILITIES (continued)

The future minimum obligations and the net present value of these payments as of June 30, 2024 were as follows:

|  | Finance Purchase    |             | Not              | tes Payable - |  |
|--|---------------------|-------------|------------------|---------------|--|
|  | C                   | Obligations | Direct Borrowing |               |  |

| 2027                                   |                     | 797,223     |                  | 1,105,571     |  |
| 2028                                   |                     | 797,223     |                  | 1,105,571     |  |
| 2029                                   |                     | 797,223     |                  | 1,105,571     |  |
| 2030-2031                              |                     | 797,223     |                  | 1,105,572     |  |
| Total minimum note payments            |                     | 4,783,338   |                  | 6,633,427     |  |
| Less: amount representing interest     | 273,713             |             |                  | 415,124       |  |
| Present value of minimum note payments | \$ 4,509,625 \$ 6,5 |             | 6,218,303        |               |  |

#### Leases

The Board leases certain equipment and properties for storage and other uses under long-term leases. The terms of the leases range from 3 years to 5 years with discount rates ranging from 1.2% to 3.27%.

Right-to-use assets acquired through outstanding leases are shown below, by underlying asset class.

| Land Improvements              | \$<br>1,072,667  |
|--------------------------------|------------------|
| Buildings                      | 377,349          |
| Furniture and equipment        | 27,551,874       |
| Gross asset value              | 29,001,890       |
| Less: accumulated amortization | 16,636,168       |
| Net Book Value                 | \$<br>12,365,722 |

#### NOTE 5 - LONG-TERM LIABILITIES (continued)

The future minimum lease obligations and the net present value of these minimum payments as of June 30, 2024, were as follows:

| Years Ending June 30,                   | Amount |            |
|---|--------|------------|
| 2025                                    | \$     | 5,816,469  |
| 2026                                    |        | 3,900,946  |
| 2027                                    |        | 370,323    |
| 2028                                    |        | 184,852    |
| Total minimum lease payments            |        | 10,272,590 |
| Less: amount representing interest      |        | 364,488    |
| Present value of minimum lease payments | \$     | 9,908,102  |

#### <u>Subscription-Based Information Technology Arrangements</u>

The Board entered into subscription based-information technology arrangements (SBITAs) for software subscriptions and seat licenses. The terms of the SBITA arrangements range from 2 years to 6 years expiring in 2024 with discount rates ranging from 1.2% to 3.27%.

The future minimum subscription obligations and the net present value of these minimum payments as of June 30, 2024, were as follows:

| Years Ending June 30,                          | Amount       |
|--|--------------|
| 2025   | \$ 1,102,695 |
| 2026   | 1,109,496    |
| 2027   | 1,055,305    |
| 2028   | 532,879      |
| Total minimum subscription payments            | 3,800,375    |
| Less: amount representing interest             | 176,588      |
| Present value of minimum subscription payments | \$ 3,623,787 |

#### **NOTE 6 - FUND BALANCE**

Fund balance as of June 30, 2024, consisted of the following:

|  | Ger | neral Fund | Foo  | d Services<br>Fund | Ca | pital Projects<br>Fund |
|--|-----|------------|------|--------------------|----|------------------------|
| Non-spendable for:                         |     | iciai runu |      | Tulu               |    | Tunu                   |
| Inventory                                  | \$  | 181,267    | \$   | 683,518            | \$ | _                      |

| Total assigned                             |     | 57,433,934 |      | -                  |    | -                      |
| Unassigned                                 | ,   | 24,429,427 |      | -                  |    | -                      |
| Total fund balances                        | \$  | 82,597,413 | \$ 1 | 2,020,289          | \$ | 20,962,708             |

Non-spendable fund balance reports resources that cannot be spent because of their form or due to legal or contractual requirements. Restricted fund balance reports resources that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state or local legislation. Restrictions may be changed only with the consent of the resource providers. Committed fund balance reports resources with self-imposed limitation approved by the Board to the end of the period. Formal action is required to remove or modify a constraint reflected in the committed fund balance. There were no committed fund balances as of June 30, 2024. Assigned fund balance records the portion of fund balance that reflects the Board's intended use of resources. For assigned fund balance, the Board's upper-level management is authorized to assign amounts to a specific purpose and is the highest level of decision-making for assigned fund balance.

#### **NOTE 6 – FUND BALANCE** (continued)

Unlike committed fund balance, formal action is not required to impose, remove, or modify assigned fund balance. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Fund, and Capital Projects Fund. Purchases on order at year-end are reported as assignments of fund balances for the General Fund since they do not constitute expenditures or liabilities. For Special Revenue and Capital Projects Funds encumbrances outstanding are reported as part of the restricted fund balance since those resources will be used to liquidate the outstanding encumbrances. Unassigned fund balance represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Board considers restricted funds to have been spent first. When an expenditure is incurred for which restricted, committed, assigned, or unassigned fund balances are available, the Board considers amounts to have been spent first out of restricted funds, followed by committed funds, then assigned funds, and finally, unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

#### **NOTE 7 - PENSION PLANS**

#### **General Information about the Pension Plan**

#### Plan description

The employees of the Board are covered by the Maryland State Retirement and Pension System (the System), which is a cost sharing employer public employee retirement system. While there are five retirement and pension systems under the System, employees of the Board are a member of either the Teachers' Retirement and Pension Systems or the Employees' Retirement and Pension Systems. The System was established by the State Personnel and Pensions Article of the Annotated Code of Maryland to provide retirement allowances and other benefits to State employees, teachers, police, judges, legislators, and employees of participating governmental units. The Plans are administered by the State Retirement Agency. Responsibility for the System's administration and operation is vested in a 15-member Board of Trustees. The System issues a publically available financial report that can be obtained at https://sra.maryland.gov/.

#### Benefits provided

The System provides retirement allowances and other benefits to State teachers and employees of participating governmental units, among others. For individuals who become members of the Teachers' Retirement and Pension Systems and the Employees' Retirement and Pension Systems on or before June 30, 2011, retirement/pension allowances are computed using both the highest three years Average Final Compensation (AFC) and the actual number of years of accumulated creditable service.

#### **NOTE 7 - PENSION PLANS** (continued)

#### General Information about the Pension Plan (continued)

For individuals who become members of the Teachers' Pension System and Employees' Pension System on or after July 1, 2011, pension allowances are computed using both the highest five years AFC and the actual number of years of accumulated creditable service. Various retirement options are available under each system which ultimately determines how a retirees' benefits allowance will be computed. Some of these options require actuarial reductions based on the retirees' and/or designated beneficiary's attained age and similar actuarial factors.

A member of either the Teachers' or Employees' Retirement System is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member's average final compensation (AFC) multiplied by the number of years of accumulated creditable service.

A member of either the Techers' or Employees' Pension System on or before June 30, 2011 is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the Teachers' or Employees' Pension System on or after July 1, 2011, is eligible for full retirement benefits if the members' combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service.

For most individuals who retired from either the Teachers' or Employees' Pension System on or before June 30, 2006, the annual pension allowance equals 1.2% of the members AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998, plus 1.4% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the Teachers' or Employees' Pension System on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of credible service accumulated prior to July 1, 1998 plus 1.8% of the members AFC, multiplied by the number of years of credible service accumulated subsequent to June 30, 1998. Beginning in July 1, 2011, any new member of the Teachers' or Employees' Pension System shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the Teachers' or Employees' Pension System.

#### Contributions

The Board and covered members are required by State statute to contribute to the System. Members of the Teachers' Pension System and Employees' Pension System are required to contribute 7% annually. Members of the Teachers' Retirement System and Employees' Retirement System are required to contribute 5-7% annually, depending on the retirement option selected. The contribution requirements of the System members, as well as the State and participating governmental employers are established and may be amended by the Board of Trustees for the System.

#### **NOTE 7 - PENSION PLANS** (continued)

#### General Information about the Pension Plan (continued)

Beginning in FY2017, the Board pays the normal cost for their teachers in the Teachers Retirement and Pension System while the State contributes on behalf of the Board, the unfunded liability portion of the Board's annual required contribution to the Teachers Retirement and Pension System, which for the year ended June 30, 2024 was \$14.7 million. The State's contributions on behalf of the Board for the year ended June 30, 2024 was \$28.6 million. The fiscal 2024 contribution made by the State on behalf of the Board have been included as both revenues and expenditures in the general fund in the accompanying Statement of Revenues, Expenditures and Changes in Fund Balances and are also included as revenues and expenses in the Statement of Activities.

The Board's contractually required contribution rate for the Employees' Retirement and Pension Systems for the year ended June 30, 2024, was 6.75% of annual payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Board made its share of the required contributions during the year ended June 30, 2024 of \$4.2 million.

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

#### Employees Retirement and Pension Systems

At June 30, 2024, the Board reported a liability of \$32.8 million for its proportionate share of the net pension liability of the System. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Board's proportion of the net pension liability was based on actual employer contributions billed to participating government units for the year ending June 30, 2023. The contributions were increased to adjust for differences between actuarial determined contributions and actual contributions by the State of Maryland. As of June 30, 2024, the Board's proportion for ERS was 0.14%, which was substantially the same as its proportion measured as of June 30, 2023.

#### **NOTE 7 - PENSION PLANS** (continued)

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2024, the Board recognized pension expense for ERS of approximately \$4.9 million. As of June 30, 2024, the Board reported deferred outflows of resources and deferred inflows of resources related to ERS from the following sources:

|  | Deferred           | Deferred     |
|--|--------------------|--------------|
|  | <b>Outflows of</b> | Inflows of   |
|  | Resources          | Resources    |
| Board contributions subsequent to measurement date | \$ 4,236,445       | \$ -         |
| Changes in actuarial assumptions                   | 2,190,255          | 103,088      |
| Differences in expected vs. actual experience      | 1,153,938          | 1,381,165    |
| Net difference between projected and actual        |                    |              |
| earnings on pension plan investments               | 3,052,704          | -            |
| Changes in proportion                              | 1,838,218          | 49,471       |
| Changes in proportionate share of contributions    |                    | 156          |
| Total  | \$ 12,471,560      | \$ 1,533,880 |
|  |                    |              |

The \$4,236,445 reported as deferred outflows of resources related to ERS resulting from Board contributions subsequent to the measurement date will be recognized as a reduction of the ERS net pension liability during the year ended June 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to ERS will be recognized in pension expense as follows as of June 30, 2024:

| Year Ending     | Amortization of |
|-----------------|-----------------|
| <b>June 30,</b> | Pension Expense |
| 2025            | \$ 1,537,428    |
| 2026            | 946,995         |
| 2027            | 3,243,409       |
| 2028            | 861,738         |
| 2029            | 111,665         |
| Total           | \$ 6,701,235    |

June 30, 2024

#### **NOTE 7 - PENSION PLANS** (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

#### Teachers Retirement and Pension Systems

At June 30, 2024, the Board did not report a liability related to the Teachers' Retirement and Pension Systems due to a special funding situation. The State of Maryland pays the unfunded liability for the Board and the Board pays the normal cost related to the Boards members in the Teachers Retirement and Pension Systems; therefore, the Board is not required to record its share of the unfunded pension liability but instead, that liability is recorded by the State of Maryland. The amount recognized by the Board as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the Board were as follows:

State's proportionate share of the net pension liability

\$ 254,134,394

Board's proportionate share of the net pension liability Total

\$ 254,134,394

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

For the year ended June 30, 2024, the Board recognized pension expense of \$43.3 million and revenue of \$28.6 million in the General Fund for support provided by the State. In the Statement of Activities, the Board recognized pension expense of \$45.2 million and revenue of \$30.5 million for support provided by the State. Due to the special funding situation noted above related to the Teachers Retirement and Pension Systems, the Board did not report deferred outflows of resources and deferred inflows of resources related to the Teachers Retirement and Pension Systems.

#### Actuarial Assumptions

The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25% general, 2.75% wage

Salary increases 2.75% to 11.25%

Investment rate of return 6.80%

Mortality rates were based on Pub-2010 Mortality Tables with projected generational mortality improvements based on the MP-2018 fully generational mortality improvement scale.

#### **NOTE 7 - PENSION PLANS** (continued)

The economic and demographic actuarial assumptions used in the June 30, 2023 valuation were adopted by the System's Board of Trustees based upon review of the System's experience study for the period 2014-2018, after completion of the June 30, 2018 valuations. Assumptions from the experience study including investment return, inflation, COLA increases, mortality rates, retirement rates, withdrawal rates, disability rates and rates of salary increase were adopted by the Board for the first use in the actuarial valuation as of June 30, 2019. As a result, an investment return assumption of 6.80% and an inflation assumption of 2.25% were used in the June 30, 2023 valuation.

The long term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-range expected rate of return by weighing the expected future real rates by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the Board after considering input from the System's investment consultant(s) and actuary(s). For each major asset class that is included in the System's target asset allocation, these best estimates are summarized in the following table:

| 4.0                | Target     | Long Term Expected Real |
|--------------------|------------|-------------------------|
| Asset Class        | Allocation | Rate of Return          |
| Public Equity      | 34%        | 6.90%                   |
| Private Equity     | 16%        | 8.60%                   |
| Rate Sensitive     | 20%        | 2.60%                   |
| Credit Opportunity | 9%         | 5.60%                   |
| Real Assets        | 15%        | 5.40%                   |
| Absolute Return    | 6%         | 4.40%                   |
| Total              | 100%       |                         |

The above was the System's Board of Trustees adopted asset allocation policy and best estimate of geometric real rates for each major asset class as of June 30, 2023.

For the year ended June 30, 2023, the annual money-weighted rate of return on pension plan investments, net of the pension plan expense was 3.11%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### **NOTE 7 - PENSION PLANS** (continued)

#### Discount Rate

The single discount rate used to measure the total pension liability was 6.80%. This single discount rate was based on the expected rate of return on pension plan investments of 6.80%. projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plans fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Sensitivity of the Net Pension Liability.

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the Board's net pension liability, calculated using a single discount rate of 6.80%, as well as what the Board's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher for the Employees Retirement and Pension Systems:

|  | Current                  |                     |                          |
|--|--------------------------|---------------------|--------------------------|
|  | 1% Decrease <u>5.80%</u> | Discount Rate 6.80% | 1% Increase <u>7.80%</u> |
| Board's proportionate share of the net pension liability | \$ 48,682,818            | \$ 32,831,734       | \$ 19,678,083            |

Due to the special funding situation noted above related to the Teachers Retirement and Pension Systems, the Board did not record a net pension liability related to the Teachers Retirement and Pension Systems.

#### Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued System's financial report.

#### NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

#### **Plan Description**

#### Plan administration

The Board administers a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for retirees of the Board and their dependents.

## HARFORD COUNTY PUBLIC SCHOOLS NOTES TO FINANCIAL STATEMENTS June 30, 2024

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

In December 2007, the Board created the Retiree Benefit Trust of the Board of Education of Harford County (Benefit Trust) in order to facilitate the funding or partial funding of the actuarially calculated OPEB liability. The Benefit Trust established a trust account with, and became a member of, the Maryland Association of Boards of Education Pooled OPEB Investment Trust (MABE Trust). It is a member owned trust that provides the Board and the other nine-member boards a structure to pool assets to reduce investment costs and share administrative expenses. The Board reserves the right to establish and amend the provisions of its relationship with the

MABE Trust with respect to participants, any benefit provided thereunder, or its participation therein, in whole or in part at any time, by resolution of its governing body and upon advance notice to the Trustees of the MABE Trust.

The MABE Trust was established to pool assets of its member Boards of Education for investment purposes only. Each member of the MABE Trust is required to designate a member trustee. The member trustees of the MABE Trust shall ensure that the MABE Trust keep such records as are necessary in order to maintain a separation of the assets of the MABE Trust from the assets of trusts maintained by other governmental employers. Assets of the member trusts are reported in their respective financial statements using the economic resources measurement focus and the accrual basis of accounting, under which expenses are recorded when the liability is incurred. Employer contributions are recorded in the accounting period in which they are earned and become measurable. Investments are reported at fair value and are based on published prices and quotations from major investment brokers at current exchange rates, if available.

The MABE Trust issues a publicly available audited GAAP-basis report that includes financial statements and required supplementary information for the MABE Trust. This report may be obtained by writing to the Trust Administrator, Maryland Association of Boards of Education, 621 Ridgely Avenue, Suite 300, Annapolis, Maryland 21401-1112, or calling 410-841-5414.

## Plan Membership

As of June 30, 2024, membership consisted of the following:

| Total plan members  | 8,699 |
|---|-------|
| Active plan members   | 5,421 |
| Inactive plan members entitled to but not yet receiving benefit payments    | 400   |
| Inactive plan members or beneficiaries currently receiving benefit payments | 2,878 |

## Benefits provided and contributions

The Board provides medical, dental and life insurance benefits to eligible employees upon retirement. The employer's contributions are financed on a pay-as-you-go basis, and the future payment of these benefits is contingent upon the annual approval of the operating budget. Details of the postemployment benefits provided are as follows:

## HARFORD COUNTY PUBLIC SCHOOLS NOTES TO FINANCIAL STATEMENTS June 30, 2024

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

## Medical Benefits

Retirees are eligible for continued membership in one of the school system's group medical plans. Dependent children can be covered until the child reaches age 26. Spouses are also covered. Surviving spouses can stay in the plan but must pay the full cost to participate. All plans include prescription drug coverage. The full Board contribution is either 85%, 90% or 95% of medical insurance premiums, based on the plan chosen by the retiree. The medical benefits paid by the Board for the year ended June 30, 2024 was \$26,945,195.

## Dental Benefits

Retirees are eligible for continued membership in one of the school system's group dental plans. Coverage is the same as described above for medical benefits. The full Board contribution is 90% of dental insurance premiums, based on the plan chosen by the retiree. The dental benefits paid by the Board for the year ended June 30, 2024 was \$1,448,208.

## Life Insurance Benefits

The full Board contribution is 90% of the life insurance premiums. The amount of insurance coverage is reduced to \$20,000 upon retirement and \$10,000 five years after retirement. The life insurance benefits paid by the Board for the year ended June 30, 2024 was \$73,259.

Whether the Board pays the full contribution rate for medical, dental and life insurance benefits depends upon the retiree's hire date and their number of years of service as follows:

| Year of Service | Participants Hired Prior to 7/1/2006 | Participants Hired After 7/1/2006 |
|-----------------|--------------------------------------|-----------------------------------|
| 0 - 9           | None                                 | None                              |
| 10 - 19         | Full Board Contribution*             | 1/3 of Full Board Contribution*   |
| 20 - 29         | Full Board Contribution*             | 2/3 of Full Board Contribution*   |
| 30 or more      | Full Board Contribution*             | Full Board Contribution*          |

<sup>\*</sup>Upon eligibility for Medicare (usually at age 65 or if eligible due to disability), retiree's and/or their Medicare-eligible dependents are required to convert to coverage which supplements Medicare.

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

## **Net OPEB Liability of the Board**

The components of the net OPEB liability of the Board as of June 30, 2024, were as follows:

| Total OPEB liability        | \$<br>753,298,000 |
|-----------------------------|-------------------|
| Plan fiduciary net position | 82,008,000        |
| Board's net OPEB liability  | \$<br>671,290,000 |

Plan fiduciary net position as a percentage of the total OPEB liability

10.89%

Change in the Net OPEB Liability of the Board for the year ended June 30, 2024 was as follows:

|  | Total OPEB<br>Liability<br>(a) | Plan Fiduciary<br>Net Position<br>(b) | Net OPEB<br>Liability<br>(a) - (b) |
|--|--------------------------------|---------------------------------------|------------------------------------|
| Balance as of June 30, 2023                        | \$1,001,463,000                | \$ 74,515,000                         | \$ 926,948,000                     |
| Changes for the year:                              |                                |                                       |                                    |
| Service cost                                       | 33,407,000                     | -                                     | 33,407,000                         |
| Interest   | 36,070,000                     | -                                     | 36,070,000                         |
| Differences between expected and actual experience | (178,278,000)                  | -                                     | (178,278,000)                      |

| Benefit payments                                   | (26,467,000)                   | (26,467,000)                          | -                                  |
| Contributions from the employer                    | -                              | 28,467,000                            | (28,467,000)                       |
| Net investment income                              | -                              | 5,506,000                             | (5,506,000)                        |
| Administrative expense                             |                                | (13,000)                              | 13,000                             |
| Net changes  | (248,165,000)                  | 7,493,000                             | (255,658,000)                      |
| Balance as of June 30, 2024                        | \$ 753,298,000                 | \$ 82,008,000                         | \$ 671,290,000                     |

## Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

## HARFORD COUNTY PUBLIC SCHOOLS NOTES TO FINANCIAL STATEMENTS

June 30, 2024

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

Significant valuation methods and assumptions are as follows:

Valuation Date April 1, 2024 for the fiscal year ending June 30, 2024

Actuarial Cost Method Entry age normal cost method

Asset Method Fair market value

Actuarial Assumptions:

Discount Rate 4.17%
Expected Return on Assets 7.00%
Salary Increases 4.65%
General Inflation 2.60%

Healthcare Cost Trend Rates:

Medical and prescription - pre-65 7.50% initial year and 4.04% final year of valuation (not applicable to Life)
Medical and prescription - post-65 17.18% initial year and 3.92% final year of valuation (not applicable to Life)

Dental 5.00%

Mortality Rates:

Healthy Pre-Retirement Pub-2010 Teacher Employees Headcount-Weighted Mortality Projected with

Fully Generational MP2021 Mortality Improvement Scale

Healthy Post Retirement Pub-2010 Teacher Retirees Headcount-Weighted Mortality Projected with Fully

Generational MP2021 Mortality Improvement Scale; sex distinct- 105% Male,

110% Female

Survivor/Beneficiary Pub-2010 Teacher Contingent Survivor Headcount-Weighted Mortality Projected

with Fully Generational MP2021 Mortality Improvement Scale; sex distinct- 105%

Male, 110% Female

Disabled Pub-2010 Teacher Disabled Retirees Headcount-Weighted Mortality Projected

with Fully Generational MP2021 Mortality Improvement Scale; sex distinct- 105%

Male, 113% Female

The financial accounting valuation reflects the following assumption changes:

The healthcare cost trend assumption was updated based on the 2024 Getzen model released by the SOA.

The mortality assumption was updated to incorporate the most recent mortality improvement scale published by the SOA (MP-2021).

The per capita cost assumption was updated based on age-adjusted 2024 premiums, MOY decrements.

The discount rate was updated from 3.65% for June 30, 2023 to 4.17% for June 30, 2024.

The actuarial value of assets was determined using fair value of assets. The trust is assumed to earn 7.00% interest and contributions are assumed to be made in the middle of the year.

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

## **Investments**

## *Investment policy*

The MABE Trust's policy in regard to the allocation of invested assets is established and may be amended by the Trustees by a majority vote of its members. It is the policy of the Trust to pursue an investment strategy that emphasizes growth of principal while avoiding excess risk. Short-term volatility will be tolerated inasmuch as it is consistent with the volatility of a comparable market index. The MABE Trust's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

The following was the Board's adopted asset allocation policy as of June 30, 2024:

|              | Target     |
|--------------|------------|
| Asset Class  | Allocation |
| Equity       | 53.45%     |
| Fixed Income | 37.13%     |
| Alternative  | 5.26%      |
| Cash         | 4.16%      |
| Total        | 100.00%    |

## Rate of Return

For the year ended June 30, 2024, the total rate of return, net of investment expense, was 7.34%. The total rate of return represents a hypothetical return on the capital balance invested in the Trust during the entire year. Actual returns may vary due to the timing of capital contributions and redemptions.

The long-term expected rate of return on OPEB plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of real rates of return for each major asset class included in the target asset allocation as of June 30, 2024, (see the discussion of the MABE Trust's investment policy) are summarized in the following table:

|              | Long-Term Expected Real |
|--------------|-------------------------|
| Asset Class  | Rate of Return          |
| Equity       | 4.99%                   |
| Fixed Income | 2.60%                   |
| Alternative  | 5.00%                   |
| Commodities  | 2.45%                   |
| Cash         | 0.98%                   |

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

## Discount Rate

The discount rate used to determine the Board's Post-Employment Benefits Other than Pension Plan (the "Plan") liabilities under GASB 74 and 75 depends upon the Board's funding policy. The Board has established an irrevocable Trust, but because they have not established a formal contribution policy they are considered to be a government that makes ad-hoc contributions. Therefore, the discount rate is determined based on a blend of the funded and unfunded rates based on a projection of the plan's fiduciary net position. The funded rate for the Board is the long-term rate of return of plan assets of 7.00%. The unfunded rate must be based on an index for 20-year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The Board used the Fidelity 20-Year Municipal General Obligation AA bond (Municipal GO AA) index, is 3.97% as of June 30, 2024. The Plan's fiduciary net position was projected for each year based on the expected total contributions, benefit payments, and investment earnings from the Trust, and is projected to remain solvent. Therefore, the expected rate of return of 7.00% is used as the discount rate. The resulting discount rate of 4.17% was used to determine plan liabilities as of June 30, 2024. The FYE 2023 discount rate was 3.65%.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Board, as well as what the Board's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

|                    | 1% | % Decrease 3.17% | Dis | scount Rate<br>4.17% | 19 | % Increase <u>5.17%</u> |
|--------------------|----|------------------|-----|----------------------|----|-------------------------|
| Net OPEB liability | \$ | 779,907,000      | \$  | 671,290,000          | \$ | 581,544,000             |

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates
The following presents the net OPEB liability of the Board, as well as what the Board's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher than the current healthcare cost trend rates:

|                    | 1% | 6 Decrease<br>2.92% | Di | 3.92%       | 19 | % Increase<br>4.92% |
|--------------------|----|---------------------|----|-------------|----|---------------------|
| Net OPEB liability | \$ | 566,604,000         | \$ | 671,290,000 | \$ | 804,452,000         |

## NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

## **Deferred Outflows/Inflows**

The following table illustrates deferred inflows and outflows as of June 30, 2024 under GASB 75:

|   | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|---|--------------------------------------|-------------------------------------|
| Differences in expected vs. actual experience | \$ 94,540,000                        | \$ 450,476,000                      |
| Net difference between projected and actual   |                                      |                                     |
| earnings on OPEB Trust investments            | 2,532,000                            | -                                   |
| Changes in actuarial assumptions              | 300,810,000                          | 424,919,000                         |
| Total   | \$ 397,882,000                       | \$ 875,395,000                      |

## **Amortization of Deferred Inflows/Outflows**

| Year Ending      |                  |
|------------------|------------------|
| June 30,         | Amortization     |
| 2025             | \$ (89,352,000)  |
| 2026             | (87,274,000)     |
| 2027             | (95,717,000)     |
| 2028             | (83,237,000)     |
| 2029             | (59,174,000)     |
| Total thereafter | (62,759,000)     |
|                  |                  |
| Total            | \$ (477,513,000) |

## HARFORD COUNTY PUBLIC SCHOOLS NOTES TO FINANCIAL STATEMENTS June 30, 2024

## **NOTE 9 - RISK MANAGEMENT**

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Board participates in the MABE Group Insurance Pool and the Worker's Compensation Self Insurance Fund.

These public entity risk pools are self-insurance funds for the various member Maryland Boards of Education to minimize the cost of insurance and related administrative expenses.

Coverage is provided up to specified limits and the Board pays an annual premium for the coverage provided. In addition to general liability insurance, the Group Insurance Pool also provides coverage for property liability and automobile liability. Coverage above these limits is provided by third party insurance carriers. Settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years.

## **NOTE 10 - CONTINGENCIES AND COMMITMENTS**

The Board has been named as defendant in several lawsuits in the normal course of business, the outcomes of which are uncertain. It is anticipated by the Board that an adverse decision on any or all of these suits would not have a material adverse effect on these financial statements.

## Required Supplementary Information

## Statistical Section

This part of HCPS' Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Board's overall financial health.

Contents

Financial Trends 89 - 92

These schedules contain trend information to help the reader understand how the Board's financial performance and well-being have changed over time.

## Demographic and Economic Information

93 - 94

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Board's financial activities take place.

## Operating Information

95 - 102

These schedules contain service and infrastructure data to help the reader understand how the information in the Board's financial report relates to the services it provides and activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year after June 30, 2011 and from the Independent Auditors' Report, Financial Statements and Supplementary Information for the relevant year prior to that.

Kelci Kilgore, Grade 2 Roye Williams Elementary School

**Teacher: Ms. Faith Price**

Teachers - Staff with duties relating to instructing students, including classroom teachers, home and hospital teachers, distance learning teachers,

Therapists - Staff who perform activities related to physical or occupational methods of treatment and rehabilitation of students
\*Definition of teaching position includes those that do not have core classroom responsibilities. Their inclusion deflates the ratio. (eg. Therapists, Special Education and Special Area Teachers)
Note: September 30 is the State's official enrollment date for the school year.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Board Board of Education of Harford County Bel Air, Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harford County Public Schools (HCPS), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise HCPS' basic financial statements, and have issued our report thereon dated September 27, 2024.

## Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered HCPS' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of HCPS' internal control. Accordingly, we do not express an opinion on the effectiveness of HCPS' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of HCPS' financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether HCPS' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the HCPS' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
