

HCPS Apprenticeship Maryland Program brings Harford County youth and employers together to create skilled labor in today's job market. The program provides the unique opportunity to "earn and learn".

Benefits

- Enter the workforce while in high school and earn a salary and receive a Maryland State Skill Certificate upon program completion.
- Earn high school credit for completing the program.
- Finishing an approved apprenticeship experience is a HCPS Career & Technology Education Completer Program.
- Gain marketable industry skills and certifications, and have the opportunity to explore whether a specific industry aligns with their interests.
- Gain an advantage over other candidates by acquiring valuable career skills and building a professional network.

Applicant Requirements

- Be a junior or senior, age 16 years or older.
- Have reliable transportation.
- Complete the program by graduation.
- Complete one year of concurrent related instruction.
- Be in good attendance and academic standing and on track to graduate. Complete 450 hours of work-based training.
