

# Learning Together: An Inclusive Preschool Program

The Harford County Public Schools' Early Intervention Program is looking for 3- and 4- year-old children to participate in a free, 2- or 3-half-day preschool program for the 2025-2026 school year. The purpose of the Learning Together Program is to have typically developing children learning alongside preschool children with disabilities. The program promotes social, communication, literacy, and numeracy skill development for all children. An MSDE approved early childhood curriculum is taught by an early childhood special education teacher and supported by two paraprofessionals. Each child's development is facilitated in an environment where children of varying abilities learn and grow from shared experiences. **Children must be at least 3 years old as of 9/1/25, reside in Harford County, be toilet trained, and parents must provide transportation.**
