

STUDENT READING IMPROVEMENT PLANS (SRIPs)

Helping children get the reading support they need

WHAT FAMILIES SHOULD KNOW

Per state policy, all students in Kindergarten through Grade 3 receive a reading screening through DIBELS

3 times each year

Fall • Winter • Spring

This screener helps teachers notice reading needs early

If your child would benefit from additional reading support...

1

You'll receive information

Your family will receive a letter explaining the screening results.

2

We'll make a plan together

You'll be invited to help create an SRIP, a proactive plan made for your child.

3

Your child will receive support

Extra reading support will be based on your child's individual needs.

Families are an important part of their child's reading growth.
