

## Elementary School Summer Learning Program

### Program Description

The Harford County Public Schools (HCPS) Summer Learning Program provides elementary school students with expanded access to curricula aligned to the Maryland College Career Readiness Standards. Teachers will be hired to teach in a face-to-face setting at one of the five regional program sites. The curriculum will be focused on supporting both reading and math instruction. The reading instruction will be designed using the 2021 Lucy Calkins Units of Study summer school curriculum. Math will be a combination of online intervention and instructional units provided by the math curriculum office.
