

IN-PERSON LEARNING

ELEMENTARY - OCTOBER 2020

Frequently Asked Questions

What will the school hours be?

Doors open at 8:30 a.m. for in-school students. Fourth tier schools will begin their day at 9:00 a.m. Students will be dismissed at 3:30 p.m.; fourth tier schools will dismiss at 4:00 p.m. Your school/teacher will provide the start time for virtual instruction.

What is the benefit of sending my child into school one day a week?

This is an opportunity for your child to see and work with their teacher and peers. Your teacher will be able to see what your child can do independently and differentiate their instruction, offer books and materials. Your teacher will be able to better communicate with you about your child's needs.

Will there be temperature checks?

Not performed at the school. Parents are expected to take children's temperature and screen for symptoms before coming to school so that we limit children with illnesses entering the building.

Will there be outdoor recess, and can students play on the equipment?

Yes, if the weather permits.

Where will the students eat lunch?

The current plan is to have children eating lunch in the cafeteria with a six-foot distance in between each seat. If space does not permit, the gym or media center may be used as well. Plans may change in accordance with the public health guidance.

When will the Chromebooks come in for students in grades K-3?

They are projected to come in the middle of October.

Will my child need to bring a device to school?

Preferably. If you have an HCPS issued device, yes, you will need to bring it each day you are in attendance. If the Chromebooks are delayed by your start date, it is a personal choice to send your device with your child.

What if I do not have a device or do not feel comfortable sending my personal one in?

Schools will do their best to meet the needs of the students in their classrooms.

How much time will my child have with their teacher while they are in school?

Your child (in grades PreK-5) will have their teacher in front of them to receive direct instruction while in school.

Continued on next page.

Frequently Asked Questions, cont.

Will children in school be with their current homeroom teacher?

That is our goal.

Can I pick which day my child(ren) will come to school?

Unfortunately, we cannot accommodate requests. The grouping will be based on student transportation and classroom space.

Can I pick which day they come to school if I transport them to school?

Unfortunately, we cannot accommodate requests. The grouping will be based on student transportation and classroom space.

Will siblings go on the same day?

Elementary aged siblings will be grouped on the same day.

How do students social distance on a bus?

Our buses can accommodate 18 seats being used to provide social distancing. Students will be spaced out and all seats have a high back which provides an extra barrier between students. Siblings can be seated together.

Can I drive my child to school if I do not feel comfortable with them taking the bus?

Yes, you can transport your child to school on their assigned cohort day.

When can students take their masks off?

Students can remove masks when they are outside playing as long as they can socially distance or eating meals.

Will all staff wear masks as well?

Yes, all staff will wear masks.

If I choose not to send my child in one day a week, can I choose to send them in when it is two days a week?

Yes, you will be able to communicate with your school to change your decision.

Will there be another kindergarten gradual entrance where parents can come in with their children?

This is not in the plan due to loss of instruction and space.

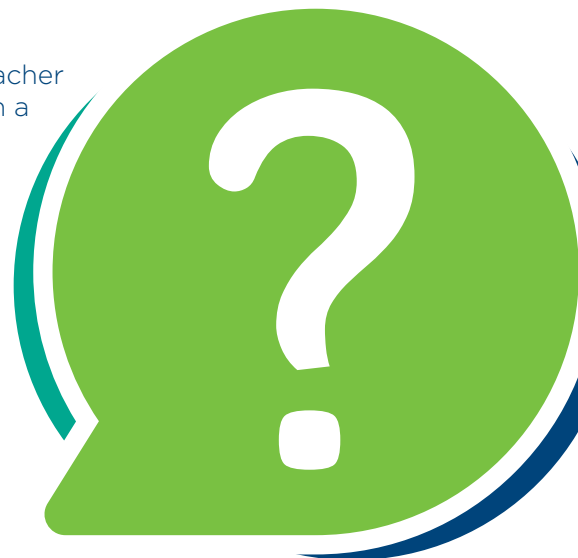

Who will the teacher be teaching to, virtual or in-person students?

The teacher will provide live instruction to both sets of students. The teacher will then provide instructions as to who will work independently through a playlist or other activity. The teacher will work in a small group with the remaining students, virtual and in-person.

Can I change my mind?

In most cases, yes, however, changes need to be communicated with your school for preparation.

Continued on next page.

Frequently Asked Questions, cont.

Will students be learning from the same room all day?

Our goal is to limit student transitions throughout the day; however, special areas or other needs groups may take place in their respective classrooms depending on the class, activity, or ability to sanitize between each class.

Will students still have their special area classes?

Yes, Special areas will be 45 minutes.

Will my child's schedule change?

Yes, you may see a slight change in your child's schedule. You will receive updates from your teacher.

What steps are being taken to ensure my child is in a safe environment?

We worked with and continue to work with our state and local health department to ensure plans that meet current public health guidance. We are social distancing our students, sanitizing throughout the day (washing hands and frequently touched places), wearing masks and not sharing materials.

What can I do to help keep my child's cohort safe and healthy?

Please do not send your child to school when they are sick. Students must be free of COVID symptoms and fever-free WITHOUT a fever reducing medication for 24 hours. Please do not send children that have had exposure to others with COVID-19-like symptoms or have tested positive for COVID-19. Encourage and remind your child to practice social distancing and to wear their mask. How these measures are adhered to in the classroom will be considered when determining the need for isolation or quarantine. Additional information about isolation and quarantine guidelines is available via the HCPS COVID-19 Safety video available on the HCPS YouTube channel. Please alert the school nurse if your child has tested positive for COVID-19 or has been quarantined because of exposure to COVID-19. If you have further questions, ask your school nurse.

What should I do if my child is sick?

Contact your healthcare provider and follow Health Department and CDC guidelines as directed.

How will I be notified if a student or staff member who has been in close contact (currently defined as, within 6 feet for more than 15 minutes) with my child presents with COVID-19 symptoms or a positive test result?

School nurses are contacting parents/guardians directly if/when an isolation or quarantine is required for a student or an entire cohort.

What are the students doing on Fridays?

Fridays will have a Class Meeting for both in-school and virtual students as well as small group instruction. There will also be an asynchronous counseling lesson as well as an asynchronous Unified Arts/Physical Education lesson. The exact schedule for Fridays will be communicated to you by your child's teacher.

What is a cohort?

A cohort is a group of students that is determined by which day or days your child attends school for in-person learning.

Frequently Asked Questions, cont.

What are the expectations for asynchronous learning?

- Have daily access to Virtual LIVE Lessons
- Have access to recorded lessons if they are unable to access the Bell to Bell LIVE schedule. Students must access the recorded lessons within 48 hours of the posting
- Access the playlist on Its Learning for independent work
- Submit completed assignments to the classroom teacher

How many students will be in each class?

We are maintaining a 6' distance. Most classrooms can support 8-12 students

Is there before and after school care if my child only attends one day a week?

Please contact your school's before and after care provider to discuss options and additional information.

Will a child be required to have a Covid test before returning after presenting with symptoms?

They may take a COVID -19 test, provide written documentation an alternate diagnosis from a healthcare provider, or they may quarantine for 14 days (this results in any close contacts also remaining quarantined for 14 days).

Like universities, will everyone be required to have a negative COVID-19 test before returning to the building?

No, we will not require a negative COVID-19 test. The Centers for Disease Control and Prevention (CDC) does not currently recommend universal symptom screenings (screening all students grades K-12) be conducted by schools.
