Mathematics
Geometry

Original Credit or Credit Recovery Courses

Physical Education
Physical Education (PE) 9 - Foundations of PE (.5 credit)
Wellness Walking (.5 credit)

All summer programs are dependent upon student enrollment, available staffing, budget, and latest COVID-19 requirements. Currently HCPS requires the consistent use of fabric face coverings, social distancing where possible, staying home when sick, following isolation/quarantine guidance in conjunction with the local health department, and frequent handwashing to prevent the spread of COVID-19.
